POND FOR SKATING BEING CONSIDERED BY BUSINESS MEN

G. Schlosser is Head of Committee to Make Investigations

TO HAVE GYM PRIVILEGES

Possibility of a public skating pond for Antioch was discussed at the meeting of the Antioch Business club held in the Antlers hotel Monday night. Twenty-five men were present.

In the proposal for a skating pond it was suggested to dam Sequoit creek, so that there would be sufficient water to freeze for skating. A committee was appointed to further plans. George Schlosser is chairman and S. Boyer Nelson and T. R. Corbin are the other members.

Nell Shults, who has been serving as club chairman to co-operate with the Antioch-Lake Villa Poultry association to help with the poultry show, reported that everything is in readiness for the show which opens today. Mr. Shults explained that merchants have put forth special efforts to have unusual displays while the visitors are in this village. L. M. Wetzel and W. C. Petty were appointed as business club representatives to see in what way the business men could aid the Woman's club with the community tree project.

It was announced that the business men will have gymnasium advantages at Antioch High school each Monday night, beginning next week. Coach G. G. Reed will be in charge.

SCHOLASTIC RECORDS COMPILED FOR LAST SIX WEEKS' PERIOD

Martha Westlake Receives Nineties in Six Subjects At High School.

Honor roll students have been named at the Antioch High school after grades for the last six weeks were compiled and reports made.

Martha Westlake is the only student who received grades of 90 per cent in six subjects. Dorothy Hughes received 90 in five subjects; Helen Pachay, Vera Hown, and Lewis Galtier in four studies, and Robert Dickson, Ruth Nixon, Marion Borman, Ward Edwards, Homer Edwards, Marguerite Kufalk, and Barrett Snyder in three subjects.

Students receiving two nineties are Robert King, Grace Zelen, Esther Anderson, Kenneth Denman, Anton Fuchs, Jasper McCormack, Ruth Perry, Mildred Robinson, Marie Shedeck, Hazel Tweed, Lillian Wells, Ruth McCorkle, Herbert Zelen, Mary Galtier, Bertha Sebor, and Louise Simons.

Candles In Windows to Be Invitations For Carol Singers

Grade School Students Will Visit Homes Two Nights Next Week.

Christmas carols will be sung on the streets of Antioch by the pupils of the seventh and eighth grades of the local schools, as is the annual custom.

The carollers will sing next Wednesday and Thursday nights between the hours of 7 and 9 o'clock. The north part of the village will be visited Wednesday night and the south part Thursday night. One song will be sung in front of each home where a lighted candle is placed in the window.

Miss Ius Royal and Miss Dorothy Patterson will lead the singing. In commenting on the project, Miss Patterson said:

"Many persons were disappointed last year because the students did not sing in front of their homes. In such cases the candles had been placed in the windows too late—after we had passed. To avoid missing any homes, it is hoped that candles will be placed in the windows slightly before 7 o'clock and kept burning until after 9 o'clock."

CHRISTMAS CHEER

Will Be Spread When Tree Is Erected At Corner of Orchard and Main Streets.

Christmas cheer will be spread again this year when the annual community Christmas tree is erected by the Woman's club at the corner of Orchard and Main streets, between the Antioch and the Antlers hotels.

This is the fifth year that the Woman's club has erected a community tree. Each year the tree is donated by H. J. Vos. The trees for the last three years have been coming from the Pacific coast. The one for this season was shipped from the western part of the state of Washington a week ago, and it is expected that the tree will be put up and lighted early next week. The tree is 40 feet high.

AUDIENCE PLEASED WITH PRODUCTION GIVEN BY SENIORS

Capacity House Grooms Cast At High School Friday Night.

By V. L. B.

This writer does not believe in writing criticisms of praise—flowery flattery—just because a play is presented by a local group. Unless a presentation and the cast are deserving, praise is disgusting, for the praise is false—merely flattery.

But when, in this column, it is said that "It Pays To Advertise" is presented by the senior class of Antioch High school Friday night, was the best amateur high school production from the standpoint of acting ever attended, the statement is sincere. The acting was unusually good. The stage settings were above the average. It is to be said, however, that the drop curtain is so narrow, for after being lost in the lines of the actors and actresses and forgetting that one was attending an amateur production, the curtain would mark the end of the act and the audience could see—but what is such a minor thing, compared to the play itself?

From the minute that the play opened until the final curtain of Act III, where old Cyrus Martin was expounding and raving about his theories of advertising, the audience was kept in those proverbial fits of laughter. No one person can be selected from the cast as best. Each was good in his or her particular role. Certainly too much credit for the success of "It Pays To Advertise" cannot be given Miss Hedvig Rice, dramatics coach at the high school.

Louise Simons made a striking secretary. With natural grace and attractiveness combined with dramatic ability, probably no one could have portrayed the role in a better manner—it as well. She lived her part, forgot the audience, and was at ease at all times. The manner in which she carelessly sat upon the edge of the table, used the typewriter, and used her hands showed careful directing and excellent mastery. Richard Folbrick's portrayal of Ambrose Peale, who KNEW that advertising made the world go round, was one of the happiest veins of the play. His lines were clever and he delivered them in a rapid fire manner.

Women's Federation Plans Radiocasting During Next Week

Programs to be radiocast have been arranged by the tenth district of the Illinois Federation of Women's clubs, beginning Monday.

The schedule follows: Monday, December 17, Department of Civil Service, Station WBBM, 1:30 to 1:45 o'clock, Mrs. H. C. Burnham, chairman; Wednesday, December 19, Department of Art, Station KYW, 11:45 to 11:52 o'clock in the morning, Mrs. F. E. Wallis, chairman, Libertyville; Wednesday, December 19, Department of Education, Station WGN, Drake hotel, 2:45 to 3 o'clock, Mrs. Leslie Mufford, chairman, Chicago; Friday, December 21, Department of Community Service and Motion Pictures, Station WLS, 1:45 to 2 o'clock, Mrs. W. S. Lane, chairman, Evanston.

A New Jersey citizen, taking an alcohol rub got hold of the gin bottle by mistake. The doctor hopes to save him by skin-grafting.

PLANS FOR CREATION OF NEW CONSERVANCY DISTRICT DISCUSSED

Residents Of Lake County Think Organization With Power Needed.

IS HUGE SANITATION PROJECT

Tentative plans for the organization of a new conservancy district to include territory in Lake and McHenry counties having drainage into the chain of lakes and Fox river, were discussed last night at a meeting held in Fox Lake.

The fate of the original conservancy district, known as the Fox River Conservancy district, authorized by act of the general assembly in 1925 and voted in by referendum in September, 1926, is quite well known to local people, the district being declared invalid by Judge Fisher because of defects in the organization pertaining to boundary lines, after having been in actual operation for 18 months. The territory embraced land in five counties. J. L. James was the Lake county trustee. A second attempt to form such a district, but with boundary lines altered to exclude LaSalle county, failed at the polls last spring.

Now, the chain of lakes residents feel that they should no longer concern themselves with the down stream people who seem not to realize the importance of a water control and sanitary measures the establishment of a conservancy district would bring about, so the lakes people have in mind the creation of a district to fit their own particular needs. Many organizations have been formed in the region of the lakes, but such bodies lacking power have been unable to accomplish much in the line of improvement.

Attorney A. L. Hurley presented the legal aspect of the district, while Keller DeLoe and L. H. Cather presented engineering features of the project. The proposed area embraces 56 1/2 square miles, about four-fifths of the acreage being in Lake county and one-fifth in McHenry county.

No petition is to be presented to the voters at this time, it was decided, but the matter will come before a meeting of the Chain O' Lakes association for consideration sometime in January.

Antioch representatives at the meeting were Robert C. Abt, S. Boyer Nelson, C. K. Anderson and H. H. Gaston.

LAKE VILLA GIRLS HURT IN ACCIDENT

Car Hits Post And Turns Over At Wedge's Corner.

Four Gurnee High school girls were injured while enroute to Gurnee High school Friday night to witness a school production, when the driver failed to make the turn at Wedge's corner and the car hit a telephone post and went into a ditch and overturned, hurling the occupants into a field.

The accident occurred at 8:30 o'clock. Miss Grace Lowell, Grayslake, was operating the motor vehicle. Frances Daube and her sister, Myrtle, Lake Villa, and Agnes Benedict, Grayslake, were riding in the machine.

The girls were taken to the Lake County General hospital by a passing motorist.

Myrtle Daube suffered a fracture of the right leg, a nose laceration, and a cut above the right eye. Frances Daube sustained an injury to the right leg. Agnes Benedict and Grace Lowell were cut and bruised about the face and body. Myrtle Daube had to remain in the hospital, while the other girls were taken to their homes after receiving medical attention.

Professional Group Now Falls in Line With Holiday Tide

In keeping with the Christmas spirit, the usual study and discussion hour of the Professional Council will be set aside for an evening of merriment at the dinner and meeting next Tuesday night in the Guild hall.

The dinner is being prepared by women of the Episcopal church. As part of the after dinner program a Christmas gift exchange has been planned. The committee in charge is composed of Miss Mary Hynek, C. L. Kull, and A. M. Krall.

T. J. Stahl to Witness Triple Execution at Joliet Saturday

Unless some unforeseen power intervenes, T. J. Stahl, John Brown and Dominick Brossette, early Saturday will pay with their lives for the murder of William Beck, Millburn farmer, victim of a robbery staged by the three condemned men on May 16. Two others assisted by furnishing transportation to the bandits. Clark, it is said, was the actual slayer of Beck.

When the deadly electric current is turned on to destroy the lives of the three murderers early Saturday morning at Joliet old prison, one of the jurors to witness the execution will be T. J. Stahl. Mr. Stahl was given formal notice several days ago that he had been appointed as a juror to attend the execution and was notified to report at Joliet old prison, 1900 Collins street, at 6:30 a. m.

"Do you object to witnessing the execution?" Mr. Stahl was asked. "Not in the least," replied the prominent Lake county realtor. "The murder was one of cold blood. Beck was shot down through the door he refused to open and was not given even a fighting chance for his life. Brossette, leader of the gang, is well educated, a college man, and should have known better. It's time Lake county put to an end the operations of Chicago gunmen in this locality. I shall not object to seeing three of them pay the supreme penalty Thursday morning."

PAUL CHASE CHOSEN HEAD OF AMERICAN LEGION POST HERE

Election Follows Dinner In Danish Hall Thursday Night.

Officers elected for the Antioch post of the American Legion for the coming year are: Paul Chase, commander; Ray Winslip, senior vice commander; Walter Hills, junior vice commander; Rex Bonser, finance officer; Russell Mead, sergeant at arms; George Garland, member of executive board, and Walter Hills and S. M. Wallace, delegates to the Lake county council.

The election was held following a chicken dinner Thursday night in the Danish hall.

FINAL COUNT GIVEN

Springfield, Dec. 6—Herbert Hoover's Illinois vote totalled 1,768,141 and Al Smith's was 1,313,817 the official canvass showed.

For United States senator, Otis Glenn, Republican, drew a total of 1,594,63 and A. J. Cerniak, Democratic 1,315,338.

MAYBE JUST A CANDLE

Antioch stores have completely taken on the Christmas atmosphere. Merchandise suitable for Christmas gifts is on display, and the markets are filled with holly and Christmas trees.

And oh! the joy of spreading Christmas cheer! The little things at Christmas time mean most. Have you ever walked by homes Christmas Eve and seen a candle burning in the window—an old, old custom and tradition being followed? And have you felt a lump rise in your throat as you thought of the Christ Child and the First Noel? And hasn't Christmas meant more to you because of a candle—a sprig of holly—a Christmas tree?

Most persons have Christmas trees in their homes, especially where there are children, but comparatively few persons in Antioch have trees and wreaths, electrically lighted, out of doors where everyone who walks or rides by may be cheered. There can be a tree inside, too, but how many persons enjoy a tree on the lawn or on the piazza—persons who cannot afford a tree of their own, perhaps.

How easy it is for one to become so busy buying for one's friends, and preparing pleasure for one's family and one's self—and forget about countless unknown persons who could be cheered and made to enjoy the Yuletide season, and to stop—think—and remember that First Noel.

Glee Clubs to Sing at Christmas Party

Plans are being made for the annual Christmas party to be given at the Antioch High school Friday afternoon, December 21. The party will mark the opening of the Christmas vacation.

A feature of the program for the party will be the singing of The Hallelujah Chorus by the members of the combined Glee clubs, under the direction of Miss Hedvig Rice.

A Christmas tree will be placed in the gymnasium. Students are to exchange small inexpensive gifts, the cost of the gifts being limited to 25 cents.

Teachers in charge of the entertainment are Miss Leona Miller, Miss Alice Smith, and L. W. Petersen.

LOCAL GAS MAINS ARE TO BE LAID INSIDE CURBING

Fifty Interested Persons Attend Special Meeting Of Board.

Fifty interested property owners were present Monday night at a special meeting of the Antioch Village board to consider the problem of laying gas mains on Main street between Orchard and Lake streets.

Many objections were raised when the tearing up of the highway was suggested. The question of alleys east and west of Main street was considered an improbability for many years. It was finally decided by the board that the gas mains will be laid inside the curbing as it is easier to tear up sidewalks than street pavements.

Under a 50-year franchise which is held with the gas company, the company is bound to give service, but according to terms in the franchise, the village board must designate streets for the mains.

It was suggested that since the sidewalks are to be torn up, a cable for Antioch's proposed "white way" be laid.

The various expressions and opinions were given when acting president of the board, H. J. Vos, called for discussions.

CASE CONTINUED

Continuance of the Antioch business tax case with Frank R. King, local pharmacist, as defendant was announced Friday, the date of the hearing before Justice J. Hoyt, Waukegan.

Trial is set for Friday morning. This is the first case to come up after a change of venue from the local courts was granted several weeks ago.

POULTRY ARRIVING IN ANTIOCH TODAY FOR ANNUAL SHOW

Merchants Co-operate to Make Exposition Best In History

MANY ENTRIES TO COMPETE

Hundreds of entries in the Antioch-Lake Villa Poultry exposition were arriving at the Wetzel building, Antioch, yesterday and today. Walking into the building this morning one would think one was sure enough on the farm—crowing, cackling, and what have you.

Beautiful birds of all sorts have been brought from Zion, Lake Villa, Wadsworth, Antioch, and all surrounding communities. Judging is to take place tomorrow. Frank Conway, is to judge the poultry, and Jerry Ward, Waukegan, the pigeons.

Four hundred dollars in premiums is being offered in the open class and \$100 is being offered in the 4-H classes. The show continues Friday and Saturday. At 1 o'clock in the afternoon of the closing day, 35 high class cockerels will be sold at auction. Saturday night all kinds of dressed and live poultry will be sold.

Antioch merchants are co-operating to make the poultry show the biggest event of its kind ever staged in this vicinity. The front part of the Wetzel building is in reality a merchant's exposition where there are many things of interest. A unique chair made of sumach, willow, bitter-sweet, and following the natural curves of the wood as well as keeping the natural coloring, was attracting much attention this morning.

PROTECTION GIVEN SCHOOL CHILDREN BY BOY PATROLS

Parents Urged Not To Send Pupils Early In The Morning.

Traffic patrols composed of eighth grade boys are guarding the crossings as school children go to and from school. The patrols were organized under the direction of the Antioch post of the American Legion.

The patrols will be made up of different students from time to time. The first patrol members which started to work Monday morning, are: Harold Nelson, Homer Fawcett, and Joe Pachay. The boys wear white belts and stand by the Antioch mill, in front of the school, and the third is a general overseer, standing where ever he is most needed. The patrol goes on duty at 8:30 o'clock.

"Parents should not start their children to school until after the first bell rings at 8:30 o'clock," W. C. Petty, principal, said yesterday morning. "The streets will be patrolled after 8:30, and besides the school doors are not open until that time. Many pupils arrived at 8 o'clock or even before, and must stand and chill until they may get into the building."

School Heads Plan to Hold Proposed Events in Spring

Decision was made last week by principals of high schools in the northwest conference to hold the proposed music festival and the public speaking contests next spring. Plans have been under discussion for several weeks but nothing definite was decided until last week's meeting held in Bensenville. L. O. Bright, principal, and G. G. Reed, athletic coach, went from the Antioch High school. Mr. Reed attended the coach's meeting where football schedules for 1929 were arranged.

The public speaking contest is to be held late in March in Bensenville. Each conference school is to send contestants for the various groups.

The competition idea is to be done away with, however, in the music festival. Instead of competition among the various schools, musical organizations from each high school will combine for the programs. The festival will be held late in the spring in Bensenville. The date has not been decided, however, as questionnaires mailed to school heads have not been returned.

Household
HintsCHRISTMAS SPIRIT
INVADES ANTIOCH
SCHOOL CLASSES

Christmas spirit has filled Antioch's schools as well as the business houses in Antioch.

Children of the first grade, who have Mrs. Charles Lux for teacher, are learning Christmas songs and playing Christmas games. Tuesday morning during the song hour solo parts were sung by Junior Blackman and Bobbie Hunt.

In the fifth and sixth grades the children have learned to make Christmas gifts. Jars, bottles, and vases have been covered with brightly colored papers and designs, then shellacked, the effect being odd and beautiful. Match boxes have been decorated in similar manner. The teachers are Miss Idabel Harwood and Miss Ius Royal.

Mrs. Ruby Ritchey's class in design at the Antioch High school has been making scarves and handkerchiefs with painted designs—scarves and handkerchiefs on sheer crepes and georgettes with dainty flowers gracing the corners. Virginia Curtis has made a unusual one with the figure of a man and of a dog in the corner. Many of the scarves bear monograms or initials. One member of the class has made a light shade, the shade being formed by the skirt of a colonial lady.

Burdens Adjusted.

I am persuaded no burden beyond human endurance is ever laid upon our shoulders, provided we use the strength that is ours to sustain it rather than a vain and rebellious effort to rid ourselves of the heavy load.—Judge Charles Forrest Moore

Did You Ever Try
These Recipes?
Do, Please.

CARAMEL CAKE

(All measurements are level.)

Cook in iron skillet $\frac{1}{2}$ cup sugar until it smokes. Remove from fire. Stir in quickly $\frac{1}{2}$ cup boiling water, then boil until it starts to thicken.

$\frac{1}{4}$ cup shortening
2 cups sugar
3 egg yolks, unbeaten
4 teaspoons baking powder
 $\frac{1}{2}$ cup milk
The caramel syrup made
 $\frac{1}{2}$ teaspoon vanilla
 $\frac{3}{4}$ cups pastry flour
1 teaspoon salt
3 egg whites—stiff
Cream shortening and sugar. Add yolks, caramel mixture, vanilla, and cream well. Sift flour, baking powder and salt. Add alternately with milk. Fold in egg whites. Bake in three layers one-half hour in moderate oven. (350 degrees)

Nut Caramel Frosting

1 cup brown sugar
 $\frac{1}{2}$ cup white sugar
1 teaspoon vanilla
 $\frac{1}{4}$ cup broken walnuts
1-3 cup boiling water
2 egg whites stiffly beaten
Boil sugars and water until a soft ball is formed in cold water. Beat slowly into egg whites. Continue beating until cool. Add a pinch of cream of tartar and the vanilla and nuts.

Gathering the "Spoils."

By the spoils system was meant the practice whereby an incoming administration distributed the patronage and offices of the government to those who had supported the party coming into power. Office holders of the outgoing administration usually were deposed from office or their resignation asked for and their places filled with patrons of the incoming government.

Tales

ALL ABOUT WHAT THE
LITTLE CHILDREN ARE
DOING IN ANIMAL WORLD

BY V. LUDEL BODEN

Did you ever have snow battles, boys and girls—honest-to-goodness battles with lots of shouting and plenty of fun? Well, the children in Animal Land have been having the most fun imaginable having snow battles and making snow men and snow women.

Yesterday afternoon Susie-usie and her twin brother, Tusie-usie, had a birthday party. Aren't twins lucky because they have birthday anniversaries the same day? Well, that hasn't anything to do with the party—oh! yes, it has, for if the twins hadn't any birthday, there wouldn't have been any party and then there wouldn't have been any story. See how that is, boys and girls?

Well there were thirty guests at the party and all of them brought a gift to Susie-usie and Tusie-usie. But Susie-usie and Tusie-usie had been told by their mama not to open the gifts until the refreshments were served, so the gifts were all placed on a table in the dining room. When the guests had all arrived Mrs. Squirrel asked cheerily:

"Children, would you rather play games in the house or would you rather play in the snow?"

And everyone shouted:

"In the snow!"

You see, the boys and girls had all worn their old clothes because Mrs. Squirrel had told the mothers of the children not to permit the children to wear their best suits and dresses as they might get them dirty.

After the boys and girls said they wanted to play in the snow they put on their goshes, coats, caps, and gloves and hurried outside.

"Let's play 'Fox and Geese' or 'Follow the Leader,'" some of the girls implored. (Implored, boys and girls, means to beg.)

"You girls can play that if you want to," Johnny Ape said, "but we boys are going to play something exciting. We're going to have REAL fun. We're going to have a snow battle—build forts and everything."

Just what everything was, Johnny didn't say, but he meant that there would be a good time.

"Well, if you boys and girls are going to build a fort and have a snow battle, I guess the girls can help," Nut-lover Squirrel said emphatically. (Emphatically means that she said it as though she meant it.)

"You may help build the fort," Johnny Ape replied, "but you won't want to be in the snow battle, for there is going to be a real fight—no girl play."

Some of the girls didn't like what Johnny said, but some of them did, so everyone started to make forts. The Animal children divided into two teams. Johnny Ape was captain of one team and Long-eared Rabbit was captain of the other team. Honestly, everyone began to roll big balls of snow for the fort and maybe there weren't some large walls of snow. The forts were very, very high and very, very thick. Everything was ready for the battle!

The girls decided to make snow men and snow women instead of being in the make-believe war. So the boys started their battle! The snow balls flew to the right and to the left and to the left and to the right and they just flew every way! And oh! some of the animal boys were hit so hard that it hurt. But the boys didn't mind. They were having fun.

The girls were having fun, too. Their snow men had old hats on their heads, chunks of coal for eyes, coal for buttons on their snow coats, and well, the snow men looked almost as if they were alive. While the animal boys and girls were still in the midst of their merriment, Mrs. Squirrel called:

"Come, children, let's have something to eat."

"Hoora! whoopee!" everyone shouted, running into the house.

The table was beautiful with roses, dainty crepe paper baskets filled with candy, and colorful napkins. And the food! Toasted cheese sandwiches, milk, graham crackers, and pecans. The boys and girls were very, very hungry after playing out-of-doors, so it isn't any wonder that they ate and ate and ate. Is it?

After everyone had eaten all he or she wanted, Susie-usie and Tusie-usie opened the gifts—and well, you have all been to birthday parties and you know what nice gifts there always are! Then everyone left, and everyone felt just as Nut-lover did when she said:

"Susie-usie and Tusie-usie, I wish you had birthdays every day."

You see, Nut-lover is such a tiny squirrel that she can't say birthday. She says birthday. Isn't that strange, boys and girls?

Talks To Students

Special assembly was held at the Antioch High school Tuesday morning, when an address was given by Frank Miller, Waukegan. Mr. Miller came as a representative of the Public Service company.

LAKE VILLA

Joe Koelstra and family, Mr. and Mrs. W. Fish, Mr. and Mrs. John Meyer and family attended a party in Grayslake Saturday evening.

The Ladies' society wishes to thank all those who helped to make the Christmas sale and supper a success.

Mrs. Carl Miller, who has been ill, is still confined to the house.

Albert Kappeler was not able to do about his usual duties last week because of illness.

Mrs. Joe Hucker entertained the Bridge club at her home south of town Thursday afternoon.

The Culver family was in Waukegan Saturday afternoon.

Mrs. Alice Howard, Waukegan, attended church here Sunday and spent the afternoon with Mrs. S. M. Sherwood.

Mrs. H. Potter, Waukegan, was a guest of Mrs. A. Richards and Miss Heile Richards Tuesday.

Mrs. K. Alsapagh and son, Bobby, went to Evanston Thursday and joined Mr. Alsapagh there at a banquet given in honor of the Oklahoma ministers at Garrett Biblical Institute. Friday they visited the Chicago stores and returned home.

Mrs. J. D. Buford, Paris, Missouri, and Mrs. C. L. Cook, Lexington, Kentucky, called on friends here Tuesday. They, with their husbands, were attending the International Stock show in Chicago. They will be remembered as having lived on the E. J. Lehmann farm where Mr. Buford and Mr. Cook were training horses.

The Wilkinson family, accompanied by Miss Russell, teacher of Cedar Lake school, attended the Stock show in Chicago last Wednesday.

Mr. and Mrs. Leo Buchta spent Friday in Chicago attending the Stock show.

BRISTOL NEWS

The Bristol order of the Eastern Star elected the following officers at the last meeting: worthy matron, Mrs. Margaret Maleski; worthy patron, Elwin Manning; associate matron, Mrs. Edith Jacobson; conductress, Mrs. Lee Patterson; associate conductress, Mrs. Emily Benedict; secretary, Mrs. Laura Lavey; treasurer, Mrs. Sadie Foulke; and trustee, Mrs. Gene Thorne.

Mr. and Mrs. William Schmeckel announce the birth of a son.

The William Rover family, Kenosha, and Mr. and Mrs. Jack Kenyon, Chicago, spent Sunday at the Frank Salsdorf home. Work has been started on the new barn, to replace the one recently burned.

The Louis Krohn family was at the home of Mr. and Mrs. George Hebard, Kenosha, Saturday.

Mr. and Mrs. Carl Pasch, Rhondyke, were visitors at Henry Krohn's Sunday.

The condition of D. L. Burgess, who has been confined to bed for several weeks, is slowly improving.

The Home Missionary society met Wednesday with Mrs. Vera Smith.

Mrs. Mayme Mitchell and mother are ill with the grippe and are unable to serve as teacher and telephone operator.

Do not forget the Home Talent play entitled "The Deacon Entangled" to be given Friday night, December 14, in the Community hall.

One of our friends is taking a belated tour through New England. He says he hopes to get to Bath by Saturday night.

For Health and a Happy Home Life

Health makes for happiness in the home, not sickness. So when Mrs. A. G. Wells, Rocky Mount, N. C., suspected that her physical distress and tired out feeling resulted from the turbed kidney and bladder action, she tried Foley's diuretic, then wrote: "I am so happy over my regained health. Please publish this statement that people everywhere may know the wonderful benefit I have derived from the use of Foley's diuretic." On sale at King's Drug Store.

Order Christmas
Greeting Cards Now!

Greatest Line of Engraved and Lithographed Cards Now Ready at Antioch News Office.

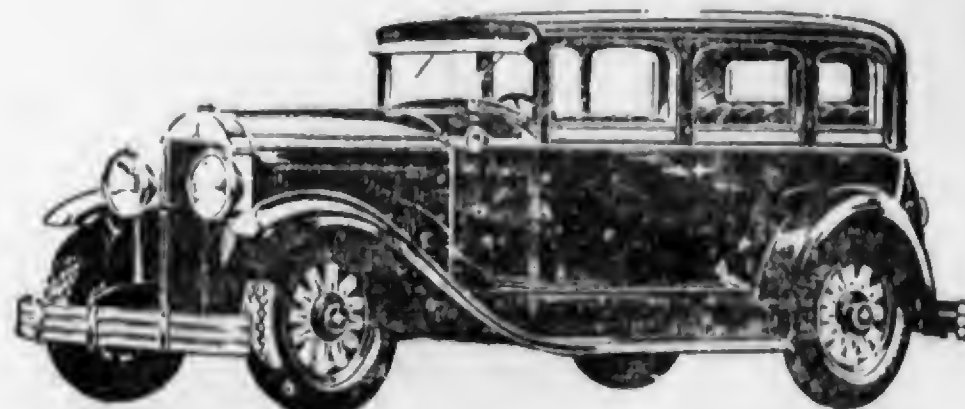

The assortment is a varied one—featuring the works of some of the best Greeting Card artists in the country. You will marvel at the beautiful blending of the colors, the softness and the delicateness of the tints, the richness of the deeper ones, the brilliancy of the bright cherry Christmas colors. The printing of your name in harmonizing type will add just the distinctive touch that you are seeking. And the cost of the cards, including the printing of your name, is usually less than you would have to pay for cards alone, if purchased elsewhere.

For Business Firms

The business greeting idea is becoming more and more popular each year. Business today is not a cold-blooded proposition. The most successful firms are those which are the most human—those which have succeeded most in making friends out of their customers. And what could create a warmer, more friendly feeling than a warm, cordial greeting or message of appreciation at Christmas time?

NEED TRAINED HEALTH WORKERS TO PREVENT DISEASE, CHIEF SAYS

Important Program Should Not Be In Hands Of Laymen.

Springfield, Dec. 11.—Prevention of disease is the keystone of all public health work, said Dr. Isaac D. Rawlings, state health director, in an interview yesterday. Yet the inadequate health laws of Illinois places the responsibility for health protection in the 1,623 townships in the hands of laymen. These supervisors are handicapped not only by lack of knowledge and training in public health but the law prevents them from taking any measures for prevention of epidemics. They can only act after the epidemic is in their midst.

"The department of Public Health assumes no blame for this unfortunate situation," Dr. Rawlings declared. "In four consecutive sessions of the legislature strenuous efforts have been made to get legislative action to give to these rural districts the same measure of health protection that cities and villages enjoy."

"The township was the correct unit for health administration perhaps in the olden days of the 'ox-team and cart' but it is entirely out-of-date in this age of good roads and automobiles. We use the county as the unit in appointing a trained expert to look after our schools, our legal business, our highways, our live stock, so why not have a law to make the county the unit in health protection?"

"We are facing, during the next four months, the most critical health season of the year. In order that supervisors and other health officers may more fully know their duties and the requirements of the State Health Department, each of the 2,717 health officers in Illinois is being sent this week a copy of a new 'Manual and Outline of Procedure for Health Officers for the Control of Communicable Diseases.' This indexed guide should increase greatly the efficiency of the service of the lay health officers."

TRAFFIC LIGHTS FOR SANTA CLAUS

Another charming custom has been added to the modern interpretation of the spirit of Christmas. Every year more and more residents of Antioch arrange colored lights about the exterior of their homes in an attractive display. This year it is anticipated the practice will be especially popular. Lighting engineers estimate that more than 2,000 Suburban-Chicago home owners will light the exterior of their homes during this holiday season.

"Sterling" Silver.
The word "sterling" as applied to silver signifies that the alloy is in the proportion of 925 parts silver to 75 parts of copper. This proportion is regularly fixed as the standard of fineness of British silver coinage. Standard United States silver bullion contains 900 parts pure silver and 100 parts copper alloy.

A lot of politicians get calloused hands by trying to hang on to the job for another four years.
When the bulls and bears fight it out in the stock market somebody gets hurt and usually it is the sheep.

TREVOR NEWS

Mrs. John Geyer and Mrs. Klaus Marks visited friends in Racine Tuesday.

Hiram Patrick and George Higgins, Wilmot, called on the Patrick sisters Friday.

The Willing Workers met with Mrs. Joseph Smith Thursday afternoon. Mrs. Harry Lubeno will be hostess the first Thursday in January.

Charles Vanwormer, a resident of Liberty Corners for many years, died at the home of his daughter, Mrs. Pearl Lindgren, Chicago, Wednesday after an illness of many months. The body was brought to Liberty cemetery Friday afternoon. His wife preceded him in death two years ago.

L. H. Mickle, Harold Mickle and Charles Runyard attended the stock show in Chicago Tuesday and Wednesday.

Mrs. S. M. Parham is making an extended visit with her son, O. H. Parham and family, Chicago.

Mrs. George Patrick and Mrs. Harry Lubeno were in Kenosha Friday.

Mr. and Mrs. O. Stanley, daughter and son, Mr. and Mrs. Pletchman, Waukegan, were callers at the Daniel Longman home.

Willis Sheen served on the jury in Kenosha last week.

Mrs. F. A. Jury, Chicago, spent Tuesday night and Wednesday with her brother-in-law, John Drury, at the home of his daughter, Mrs. Daniel Longman.

William Evans with his son-in-law, George Rohnow, Kenosha, attended the stock show in Chicago Thursday.

Mr. and Mrs. George Patrick, Milton Patrick and Miss Sarah Patrick called on Mr. and Mrs. Dwight Burgess, Bristol, Sunday.

The Silver Star 4-H club held its last meeting of this year in Social Center hall Thursday evening.

Mr. and Mrs. George Rohnow and daughter, Kenosha, visited Mrs. Rohnow's parents, Mr. and Mrs. William Evans Thursday evening.

Harold and Martin Vos, Aurora, spent Monday night at the Charles Oetting home.

Henry Hardt, Kenosha, district manager, attended the Woodman's meeting in the hall Monday night.

Mr. and Mrs. James Walsh and Mr. and Mrs. Ambrose Runyard were in Waukegan Wednesday.

Miss Marguerite Evans spent the end of the week with her cousin, Miss Hazel Hawkins, Antioch.

Ira Brown has received word of the death of his cousin, Frank Brown, the eldest son of Mr. and Mrs. Joseph Brown, pioneer settlers of the township.

The Christmas program of the school will be given in Social Center hall Friday evening December 21.

Thirty-eight persons from Chicago, Evanston, Waukegan and Antioch called on John Drury, Sunday.

Sunday school children will be given their annual birthday party at the hall Saturday from 1:30 until 4 o'clock.

The Silver Star 4-H club and their instructor, Mrs. Mike Himeus with some of the parents attended achievement night at Union Grove Friday evening.

Miss Florence Ridge attended the Primary Institute in Kenosha Saturday.

Mrs. Frank Lason, Powers Lake, spent Saturday night with her daughter, Mrs. Charles Oetting and attended the card party in the hall. Sunday in company with Mrs. Oetting and son, Lewis, they were guests of Mrs. John Gauger, Wilmot.

Mr. and Mrs. Charles Barber and daughter, Ruth, Silverlake, visited their parents, Mr. and Mrs. Henry Lubeno.

Mr. and Mrs. Lingen are entertaining Mr. Lingen's brother from Milwaukee.

Mr. and Mrs. Frank Runyard and

children, Channel Lake, were guests at dinner of their daughter Mrs. Harold Mickle, Sunday.

At the card and buffet party in Social Center hall, prizes were awarded in five hundred to Mrs. J. Zerfas, Mrs. Norman, Frank Moran and L. H. Mickle, in honor to Nina Marks, Mrs. Lena Holmes, Frank Kavanaugh and Raymond Schwartz.

Elbert Kennedy has sold his home to Charles Hazelman, Mr. Kennedy taking the Hazelman home in part payment. The transfer will take place April 1.

Miss Tillie Warner is at home for a few days on account of the illness of her sister.

Supt. Ihlenfeldt entertained the Trevor people with one of his moving pictures Monday evening at Social Center hall.

Chicago reformers are organizing to close the liquor dives where drinks are sold to high school children. It might also be a good idea to look into the Chicago shooting galleries which have juvenile customers.

The French government is trying to find two real experts on debt. We suggest that they hire a couple of American installment house collectors.

WILMOT NEWS

William Dutton and Sablin Schert, Wilmot, Wisconsin, spent Sunday with Miss Louise Schert.

Mr. and Mrs. Ben Nett and Mr. and Mrs. John Nett visited in Wilmot Sunday.

Mr. and Mrs. George Smith and family have moved into their new home in Silverlake.

Mr. and Mrs. Kruckman and son visited friends and relatives in Crystal Lake Sunday afternoon.

T. H. McCormick, daughter, Marion and son, Howard, and Mrs. H. Zuerb and daughter, Barbara Jean, were callers Sunday at the Eli Vincent and F. Kruckman home.

Harry McDougall transacted business in Chicago Tuesday.

Mr. and Mrs. Earl Shales and family, Woodstock, were visitors Sunday at the Leah Pacey home.

Mrs. James Carey transacted business in Racine Monday.

Miss Claire Hansen spent the end of the week at her home in Spring Grove.

Mr. and Mrs. Alfred Reynolds and Sablin Schert, Wilmot, Wisconsin, motored to Kenosha Sunday.

Mr. and Mrs. Arthur Holtdorf and son, Ray, and Mrs. S. Jedeke were guests of Mr. and Mrs. Fred Paaseh, Channel Lake, Wednesday night.

Mr. and Mrs. Homer Cook, Waukegan, were visitors Saturday at the A. C. Stoen home.

Mrs. Martin Jerde has been ill the last week.

One thing which bothers us is where would you put the tall light on a dirigible airship?

Cheer up, Democrats. There will be another election in forty-seven months.

BEACON LIGHT TO GO ON DAVIS MONUMENT

Fairview, Ky., Dec. 13.—Jefferson Davis monument, said by residents here to be the tallest in the United States, with the exception of the Washington monument, soon will be a combination of sentiment and utility. The tall marker above the birthplace of the confederate president will be surmounted with a beacon light for aviators.

"Last of the Romans."
In "Julius Caesar" Shakespeare makes Brutus say of Titinius and Cassius: "Are yet two Romans living such as these? The last of all the Romans, fare thee well!" Rienzi (1810-1854), the Italian patriot, was known as "the last of the Romans." The nickname was applied in England to Charles James Fox.

The progress of the towns on the main highway is now evidenced by the number and condition of their filling stations.

New Features of - The Outstanding Chevrolet of Chevrolet History - a Six in the price range of the four!

Everywhere The Outstanding Chevrolet is being hailed as a spectacular achievement in advanced design, because it embodies the greatest array of improvements ever offered on any automobile of comparable price.

Here, for example, is a marvelous new six-cylinder, valve-in-head engine whose design represents over four years of development and testing on the part of Chevrolet and General Motors engineers. It has numerous advancements typified by a non-detonating, high-compression cylinder head—gasoline pump with filter, and automatic rocker arm lubrication. It provides performance the like of which was never before available in the low-price field—marvelous smoothness, tremendous reserve power and sensationally swift acceleration—all with an economy averaging better than 20 miles to the gallon of gasoline!

Here are new and improved four-wheel brakes unsurpassed for silence in operation, positive action and ease of adjustability!

Here are marvelous new Fisher bodies introducing a new order of beauty, smartness and luxury.

And here, also, are other features by the score—each an impressive example of automotive progress—each contributing to outstanding performance, quiet operation, long life, ease of control and economical ownership!

We cordially invite you to visit our showroom and secure complete and detailed information regarding this great new car, which will be ready for delivery beginning January 1st.

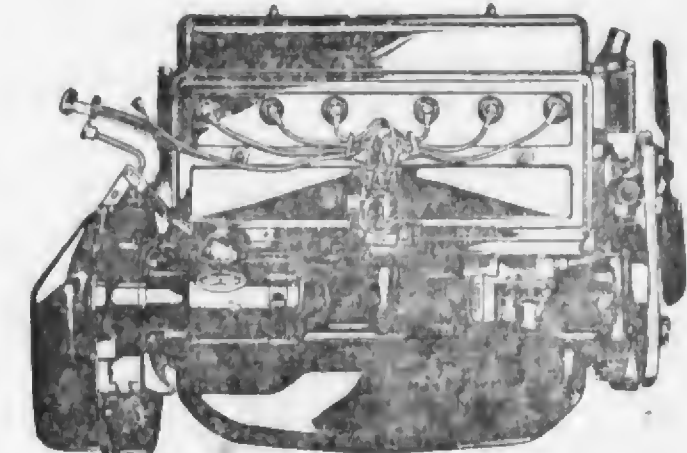

Advance Showings

The Outstanding Chevrolet of Chevrolet History is being displayed in a series of advance showings, the last of which are in the cities listed below:

San Francisco, Dec. 8-13, Civic Auditorium, Larkin Hall ...
Cincinnati, Dec. 8-14, Hotel Sinton ...
St. Louis, Dec. 8-14, Arcadia Ballroom, 3515 Olive Street ...
Atlanta, Dec. 18-22, Auditorium-Armory ...
Dallas, Dec. 18-22, Adolphus Hotel, Junior Ballroom ...
Portland, Ore., Dec. 18-22, Public Auditorium.

The Roadster	\$525	The Convertible Landau	\$725
The Phaeton	\$525	Sedan Delivery	\$595
The Coach	\$595	Light Delivery Chassis	\$400
The Coupe	\$595	1½ Ton Chassis	\$545
The Sedan	\$675	1½ Ton Chassis With Cab	\$650
The Sport Cabriolet	\$695		

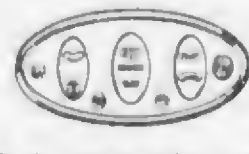

All prices f. o. b. Flint, Mich.

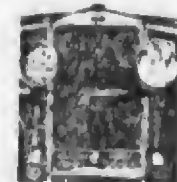

Chevrolet's new six-cylinder, fully enclosed valve-in-head engine has a high compression non-detonating head. Its piston displacement is 194 cu. in. and it develops 40 H.P. at low engine speed.

An automatic accelerating pump results in unusually swift acceleration, as well as greater gasoline economy.

On the indirectly lighted instrument panel are grouped all controls, including the water temperature indicator and theft-proof Electrolock.

The new chromium plated radiator, lamp standards and rim, and new-type full crown fenders are typical fine art features of the Outstanding Chevrolet.

The adjustable driver's seat in all closed models. This brings the clutch and brake pedals within proper reach for all drivers.

Newly designed 4-wheel brakes, self-positive—quiet.

Marvelous new bodies by Fisher are an outstanding feature of the Outstanding Chevrolet.

Other Outstanding Features of Advanced Design and Equipment

MOTOR

New six-cylinder motor, valve-in-head type, fully enclosed. New automatic lubrication of rocker arm mechanism. New fabric camshaft gear. New heavier crankshaft statically and dynamically balanced. New hot-spot manifold. New AC gasoline pump with filter, replacing vacuum tank. New type AC air cleaner.

COOLING SYSTEM

New type thermostat cooling system control. New electric water temperature indicator on dash.

ELECTRICAL EQUIPMENT

New two-beam headlamps with foot button control. New prismatic headlamp lenses. New theft-proof Electrolock. New semi-automatic spark control.

CHASSIS

New self-adjusting, single plate dry disc clutch. New smooth 3-speed transmission. New solid shaft type steering column. New flat type, slender rim steering wheel. New and more complete Alomite chassis lubrication.

WETZEL CHEVROLET SALES

Antioch, Illinois

QUALITY AT LOW COST

The Bell System and the Public

THE Bell System recognizes the public requirement for a constantly extended and improved telephone service. To provide this service it has enlisted the savings of hundreds of thousands of investors. In addition to its obligation to the public it has an obligation to its stockholders.

The only sound policy which will meet these obligations is to continue to furnish the best possible service at the lowest cost consistent with financial safety. Earnings must be sufficient to assure the financial integrity of the business. Anything in excess goes toward extending the service or keeping down the rates.

The ideal of the Bell System, of which the Illinois Bell Telephone Company is a part, is the most telephone service and the best, at the least cost to the user. It accepts this responsibility as a public trust.

ILLINOIS BELL TELEPHONE COMPANY
BELL SYSTEM
One Policy • One System • Universal Service

SOCIETY and PERSONAL

ANNOUNCE ENGAGEMENT OF THEIR DAUGHTER

Mr. and Mrs. Frank Webber, Maywood, Illinois, announce the engagement of their daughter, Miss Lucille Annette, to Mr. Daniel Kelley, son of Mrs. May Kelly, Wilmet, Wisconsin. The wedding is to be solemnized in St. James' church, Maywood, in the near future, due to the illness of Mr. Kelley's mother. The wedding had been planned for February.

COUPLE IS SURPRISED AT LODGE MEETING

A complete surprise to Mr. and Mrs. J. R. Cribb, Victoria street, was the manner in which their birthday anniversaries were celebrated at a meeting of the Rebekah lodge Friday night. Mr. Cribb's seventieth and Mrs. Cribb's seventy-first anniversaries were observed.

The party was arranged by Mrs. Charles Powles, Mrs. Arthur Van Patten, Mrs. Louie Van Patten, and Miss Goldie Davis. Since Mrs. Cribb was the first noble grand of the local Rebekah lodge, and since both she and Mr. Cribb have been members of the organization for years, those who planned the surprise thought it only fitting that the guest list be composed of Rebekahs. During the meeting flowers were presented to Mr. and Mrs. Cribb. Two large cakes, bearing birthday tokens, were served.

Plans were made at the meeting Friday night for a Christmas party to be held December 21. At that time lodge members will exchange inexpensive gifts.

MRS. HUNT ENTERTAINS HER BRIDGE CLUB

Mrs. Paul Vicens and Mrs. T. A. Somerville were awarded first and second prizes, respectively, when Mrs. Frank Hunt entertained her bridge club Tuesday.

Arthur McGreal has been confined to his home with illness for the last three weeks.

Mrs. Howard Johnson has returned to her home in Waukegan after spending several days at the home of her mother, Mrs. Ada Verrier. Mrs. Johnson has had a sprained ankle.

Miss Ardis Grinn has returned to school in Milwaukee after being home for several days with influenza.

Miss Elizabeth Webb was in Chicago Friday.

Mrs. John Puchl went to Chicago this morning.

W. H. Williams, R. C. Abt, Ward Abt, and Arthur Edgar have returned home after a trip through southern states.

Mrs. Lena Vicens and grandson, Carl, attended the stock show in Chicago Friday.

Mrs. W. W. Warriner and daughters, Betty and Jane, spent Friday in Chicago.

Election of officers for the Antioch chapter of the Eastern Star will be held tonight in the lodge rooms. The American Legion Auxiliary will hold election Friday night.

Mrs. Nellie Thorp, Chicago, visited Mrs. John Palmer and Mr. and Mrs. Lynch last week.

I invite the women of this community to see my winter line of hats which I am selling at low cost to make ready for the spring stock.

Miss Addie Schafer, Antioch hotel, spent last Sunday with her parents.

Mr. and Mrs. Larkin, daughter and son, Maywood, were guests of the Lynch family last Sunday.

George Lynch, Chicago, spent Sunday at home.

The party for Mrs. Fred Cribb last Tuesday evening was a surprise. The evening was spent playing bridge.

Mr. and Mrs. Ed Delaverne spent the end of the week with friends in Oak Park.

Mrs. Charles Harden is at her home again. Mrs. Harriette Smith is staying with Mrs. Harden.

Thirty-five Odd Fellows from the Antioch lodge attended the district lodge meeting in Waukegan Tuesday night.

Dr. and Mrs. George Jensen spent Tuesday in Milwaukee.

C. K. Anderson has returned from a business trip to New York.

Make your application for motor license with Harold Gelstrup, (1845) Mrs. W. H. Leonard was in Chicago yesterday.

I am selling at below cost, my entire stock of winter hats, to make room for my spring line. Miss Addie Schafer, Antioch hotel.

Wagner and the Barber.

Wagner's barber—he attended the composer at Wahnfried—tried to carry off some shorn locks of the maestro's hair. But he had not reckoned with Cosima who carefully gathered up the clippings from her mighty husband's head. However, she illuminated the crestfallen Wigdor that the hair of their family butcher looked exactly like that of the composer of the "Dusk of the Gods."

French Boneless, Please.

Old Dear (to Inspector, regarding lost pet dog)—If you find poor darling Fido, give the little lost pet two sandwiches on buttered toast and a source of cream for his tea.—London Opinion

Laugh and Be Healthy.

Laughter is a most healthful exercise; it is one of the greatest helps to digestion with which I am acquainted.—Doctor Unfelund

MOTHERS HAVE PARTY FOR SMALL CHILDREN

That Santa Claus had left a tree trimmed with wondrous glittering ornaments was quite a surprise to the 19 children who gathered at the home of Mrs. A. M. Krahli Monday afternoon for a Christmas party. Fourteen mothers were present. This was the regular meeting of the Mothers' club. Hostesses were Mrs. Rex Bonner and Mrs. Alonzo Runyard.

BIRTHDAY ANNIVERSARY OCCASION FOR PARTY

When Jeanette Whited was pleasantly surprised Friday afternoon because it was her fifth birthday anniversary, the following were present: Betty Schlosser, Gertrude Horton, Doris Klass, Marion Blackmon, Roberta Rose Selter, Ruth Chinn, Dolores Blackmon, Ruth Glenn, Sonny and Buddy Pesat, Bobby Moore, William Mongan, Robert Bemis, Junior Blackmon, Vergil Horton, and Henry Glenn.

"Majestic" the outstanding success in "Radio" this year, for sale at King's Drug store. We will have an exhibit at the Poultry show this week.

Lyceum Course Opens Next Monday Night

The first number of Antioch High school's lecture course will be held Monday night when the De Jen company will give a program of music and magic.

De Jen is one of the first exponents of the new school of mystery. The performance he will present here, with the aid of an assistant, is the same program presented last winter in Philadelphia, Chicago, Milwaukee, and many other large cities.

Former Thief Lends Skill to Good Cause

Atlantic City, N. J.—A shabbily dressed man stepped into police headquarters early the other morning to ask for a place to sleep. He was about fifty years old and looked hungry and apologetic.

No one paid much attention to him. The policemen were too much occupied with a more pressing problem, for they had discovered that the big safe was locked, and some one had left the combination inside. Nobody was able to open the safe, which contained all the records, bull money and evidence needed for the opening of the court.

"Beg pardon, Cap," the intruder said meekly, "I used to be one of the princes of my profession. I can open any safe you show me with nothing but a piece of sandpaper."

He received plenty of attention then. They gave him a piece of sandpaper and he rubbed it on his finger tips to make them sensitive to the feel of the tumblers in the lock. While the policemen crowded close, the shabbily dressed man moved the dial slowly back and forth, a head "Jimmy Valantine" glared out of the O. Henry narrative. And like "Jimmy Valantine" he proved his skill as a "safe man."

"If I open now," he said, "I shut the hands."

A policeman turned the handle and the safe opened.

"I used to be a world beater at this," the man said, "but I did a ten year stretch in Missouri and I never want to go to jail again."

The policeman provided a big dinner, a place to sleep, a breakfast, and saw that he got a job pushing rolling chairs on the boardwalk at 85 a day. They did not give the name of the "Jimmy Valantine" because he had helped them and because he said he was "going straight."

Dog Captures Escaped Convict After Battle

Kingsbury, N. Y.—A collie dog owned by M. C. Grinnell, Kingsbury farmer, earned a \$50 reward for the capture of Harold Tyler, who had escaped from the Great Meadow prison, ten miles north of here.

Guards, who had been searching for the convict, sighted him near the Grinnell farm, but he ran into a swamp. As other guards ran up and started to surround the swamp, Tyler crossed it and was making for some woods nearby when he met Grinnell and the dog.

He threatened the farmer and ran into the woods. Grinnell sent the dog in after him. The collie attacked and although he received several bad cuts from Tyler's pocket knife, succeeded in knocking the man down and holding him until the guards arrived. Tyler's leg was severely bitten.

The prisoner was serving a term of two to six years for robbery. He had not eaten since his escape and was nearly famished.

Mock Wedding Feature of Shower Thursday

Forty were present at the miscellaneous shower given by Mrs. Frank Dunn, Antioch, and Mrs. Nellie Mico, Lyons, Wisconsin, Thursday night at the home of Mrs. Frank Dunn, for Miss Edith Carney, Waukegan.

A mock wedding was a feature of the evening with Alice Carney as bride and James Rogan, Kenosha, as bridegroom. Ray Carney, Kenosha, acted as the priest. The bridesmaid was Peg Dunn and Bob Dunn was best man. Marian Carney, Kenosha, was train bearer and Gordon Knott, ring bearer. Leo Carney, Antioch, gave the bride away. Mrs. Leo Carney and Ray Carney supervised make-up.

Mrs. Clarence Crowley will be hostess to the Women's club at the annual Christmas party Monday afternoon. Each member is to bring 10 cents.

Mr. and Mrs. Robert Mann had as their guest over the end of the week, Camille Dite, Chicago.

RESORT PROBLEM HERE PRESENTED WHEN 200 MINISTERS ATTEND MEET

Two hundred ministers gathered from all parts of the United States in Chicago last week to study the various problems facing the church in America.

Fifteen specific cases were presented. Among them was the summer resort problem of Northern Illinois. The Rev. A. M. Krahli, Antioch, who has been studying the situation for six months made the presentation. A large map showing the 56 lakes was used. The conference was surprised to learn Antioch has more than 50,000 visitors each summer and that Antioch is the mail center for 3,915 R. F. D. boxes. No other center in the entire mail service supplies so many R. F. D. patrons, as usually such thickly populated centers have mail delivery by postmen. It was brought out, and to have 4,000 automobiles come daily into a town the size of Antioch is most unusual.

The story of the 120tus beds in Grass Lake with its 10,000 annual visitors brought favorable comment from those present. Rev. Krahli called attention to the 26 hotels, bathing beaches and wooded grounds as the central attraction, saying that people who have appreciation for the beauty in nature have a love for God.

Mrs. Clarence Crowley will be hostess to the Women's club at the annual Christmas party Monday afternoon. Each member is to bring 10 cents.

Mr. and Mrs. Robert Mann had as their guest over the end of the week, Camille Dite, Chicago.

MAN IS KEPT IN CELLAR 22 YEARS

Revolution Crime Comes to Light in Lithuania.

Kovno, Lithuania.—One of the most unusual and revolting crimes in the annals of Lithuania has just been unearthed near the little town of Telsch.

In 1906 Jonas Lukniskis lived in Telsch with his feeble-minded brother, Jonas; the former owned a small farm, which he decided to sell. He found a suitable purchaser in Jonas Stragauskas, who agreed to take over the feeble-minded brother together with the farm and to care properly for the afflicted man.

But Stragauskas placed the stricken Jonas in chains, weighing 15 kilograms, and fastened the chains to his cellar wall.

For 22 years the mentally deficient Jonas was obliged to wear away his life in this cellar, with no pasture other than counting the links on his crushing chain. During these two decades the prisoner saw no sunshine and breathed only the damp, musty air of the cellar.

The police were notified and Jonas was rescued.

Jonas' body was covered with old sores and fresh wounds, but he was too enfeebled, physically as well as mentally, to move from the spot.

The pitiable prisoner, who had survived this agony for 20 years, knew nothing of the World war, although heavy fighting had occurred between 1914 and 1918 in the vicinity of his ill-fated prison.

Stragauskas was arrested and brought to trial. No witnesses could be found to testify against him and, thanks to the Lithuanian legal code, this left no course open to the court except to sentence Stragauskas to two weeks' imprisonment and a fine of 500 litas.

Wife Takes Auto; Man Fined for Spanking Her

Paw Paw, Mich.—Paul Stanley, a truck driver, and his wife walked arm in arm from Justice Ora Killifer's court after Stanley paid a \$5 fine for spanking her. The spanking was administered on the main street of Hartford, near here, before a crowd of interested spectators. Stanley said his wife had taken his automobile without his permission.

Earliest Negro Church.

The first negro Baptist church in America was organized in 1773, at Silver Bluff, just across the Savannah river, at Augusta, Ga., by a Mr. Palmer, largely for the benefit of negro slaves of the community.

TOOK SODA 20 YRS. FOR GAS--STOPS NOW

"For 20 years I took soda for indigestion and stomach gas. One bottle of Adlerika brought me complete relief."—J. H. Hardy

Adlerika relieves stomach gas and sourness in TEN minutes. Acting on BOTH upper and lower bowels, it removes old waste matter you never thought was in your system. Let Adlerika give your stomach and bowels a REAL cleansing and see how much better you feel. It will surprise you! S. H. Reeves, druggist.

Ecstasy.

"Yes, beloved!" New life came to me when first I met you—even my watch started running—after having been still for half a year.

"BE PREPARED" "Do A Good Turn Daily"

Scouts of Troop 62 met in the Guild hall each Thursday night at 7:30 o'clock. Homer Fawcett is patrol leader of the Flying Eagle patrol; Laurel Van Patten of the Stag patrol, and Mike Deper of the Fox patrol.

Troop 62 is working on the Morse code with an aim to have every member perfect in every letter, as the Morse code is the most generally used of all codes.

Troop 62 hopes to present 10 candidates for first class at the next court of honor, which is to be in January.

A courtesy campaign is to be staged next year.

Boy Scouts of Troop 61 are busy recruiting new members. Dan Williams is the recruiting officer. Any boy of Scout age should see him for full particulars.

Volunteer Fire Fighters.

Volunteer fire companies have existed from early times. In 1607, after the great fire, London was divided into four fire districts, with established officers having authority to take charge. These were the first English fire departments that we know of. The first fire department in the United States was organized when the first engine made its appearance in Boston in 1678.

Bugs Boost Lumber Cost.

Insects and diseases directly affect the price of lumber, for they cut down the supply by tens of thousands of trees every year, says the American Tree association. The trees, like children, must be kept in good health.

Spends Whole Day Trying to End Life

Milwaukee.—One entire day was spent by Adolph Totryk, thirty-five, in killing himself.

First he swallowed a handful of needles, with no apparent impairment of his health. Next he connected a pot of tooth paste, shoe polish, and wood alcohol, which he drank.

Still alive, he tightened two neckties about his neck and strangled himself to death.

THRIFTY folks will make this store their Gift headquarters.

We have gift items for every member of the family, at prices that you can well afford to pay.

LYLE VAN DUZER
PATENTS ARTICLE
FOR AUTOMOBILE

Liquid Level Indicator Is
Device Invented By
Former Resident.

Copies of the current issue of
Science and Invention have been
sent Mrs. W. J. Van Duzer, since
this issue carries a sketch and a
description of an invention patented
recently by her son, Lyle J. Van
Duzer.

The invention is called a liquid
level indicator. It is a combined
radiator cap and water level indi-
cator for the automobile. A stem pro-
jects into the radiator and carries
therein a rod and a float. A pointer
is attached to the upper end of the
rod.

Mr. Van Duzer has had several in-
ventions patented.

AUDIENCE PLEASSED
WITH PRODUCTION

(Continued from first page)

at about sixty per. His enthusiasm
created an air of exhilaration with
the cast and the audience. He could
tell his "cluck, cluck" story or put
his ideas of advertising across so
well that anyone in the audience
would have been willing to take
up a proposition of selling peanuts
for furnace fuel. (If the peanuts were
well advertised.) This youthful ac-
tor sold himself to the audience
that taxed the capacity of the audi-
torium.

The role of Cyrus Martin, the soap
king, was depicted by Ray Berglund
in a most pleasing style. He was a
lovable character who could deftly
satirize and at the same time be the
most congenial person. He wanted
to give the impression of being hard
and cold, but he was in reality the
other extreme.

Thinking that life is a bed of roses
but finding that there are many
thorns as well, Lloyd Murie took the
part of Rodney Martin, son of the
soap king. The tone indications and the
facial expressions as well as the ex-
pressions of voice were outstanding.
This actor found it necessary to be the
ardent lover, the care-free youth, the
dilettante, and the worried
business man—and he portrayed all
equally well.

Grocers may know their onions,
but Esther Barthel as Countess De
Denurien, knew her French. She
meant all right but her scheme didn't
work. The acting was clever and her
manner most gracious.

Individual praise cannot be given
all of the cast, but each did well in
his part. Raymond Hurlette was a
polished and true stage-like butler.
Mary Galka was the petite French
maid. Homer La Plant as a friend
of the Martin family, looked the part
(as well as acted it) of a prosperous,
dilettante business man. Persistent,
to say the least, was Clarence Kufalk
as the representative of an advertis-
ing firm who wanted his money.
Martha Westlake was a clerk with
unassuming manner; Esther Stearns
was the businesslike, salubrious, and
Eugene Sheehan was the duke—the
"spoiled" lamb who made people
think he was doing big things in the
business world.

Music before the play was furnis-
hed by the high school orchestra, and
between acts by Bud Schmalzfeldt.

SUICIDE'S STORY
SOLVES DEATH
OF YOUNG BOY

Killed by Motor Car and
Driver Dumps Body in
the River.

Fredericksburg, Va.—Police have
closed the case of nine-year-old Al-
bert Baker, who disappeared Febru-
ary 22, 1927, and whose body was
later found in the Rappahannock
river bound in a sack. The boy was
killed by an automobile, the driver of
which fled the body in the sack and
dumped it into the river. In the same
river the driver was drowned, pre-
sumably a suicide.

Abram Grimes, twenty-one-year-old
farmer living about two miles from
town, cleared the mystery by telling
the police his brother, Henry W.
Grimes, was the driver and confided
the secret to him shortly before his
drowning. While he and Henry, the
latter about twenty-four years old,
were fishing on the river a short dis-
tance from the spot where fishermen
had discovered the boy's body, Henry
appeared to fall into the water and
began struggling.

Not Anxious to Be Saved.
Abram plunged in to save him, but
Henry did not seem anxious to be
saved, according to the story Abram
told the police.

Relatives of the boy had searched
for clues and offered rewards. Re-
wards had been offered by the au-
thorities and efforts to solve the
mystery continued long after the
body was recovered. Theories that

Antioch Residents Return From
North Woods Prepared For
Big Feasts.

Two hundred and six pounds
were registered when Louis
Lutz placed the deer he caught
a week ago today on the scales.
Mr. Lutz, accompanied by Mrs.
Lutz, was hunting near McAllis-
ter, Wisconsin. They returned
to Antioch Monday.

Earlier in the season, in Oc-
tober, Mr. Lutz and Lad Seake,
Chicago, shot two bears and a
moose near Ontario.

Many residents of this com-
munity are on hunting expedi-
tions in Wisconsin. Mr. and
Mrs. Howard Waters returned
last week with two deer, one
weighing 215 pounds and the
other 204 pounds.

Ed Baber returned from
northern Wisconsin Sunday
with a prize deer.

Harry Smith and Ed Dressel
have returned with a deer, as
have Leslie Crandall and James
Stearns.

Bensenville Five
to Be Opponents
in Opening Tilt

When Bensenville invades the An-
tioch gymnasium Friday night the
local basketballers will open the con-
ference schedule. Bensenville will send
two teams.

Living up to its reputation of hav-
ing strong guards by permitting no
field goals, Antioch's first team had
no trouble in disposing of the Rich-
mond quintet Saturday night on the
local floor. The score was 28 to 4.
Richmond's four points being made
by free throws. Folbrick and Wertz
had the best percentage in making
field goals, Folbrick with 27 per cent
and Wertz with 44 per cent. The
regular lineup has not been decided.

The second string men of Antioch
defeated the Richmond second-string-
ers 26 to 7. In the two games, An-
tioch ran in every man on the squad—
25 in all.

Motorists kidnaped the lad and later
murdered him were expressed, but
fractures of the legs of the victim
defied the efforts of police to under-
stand, and no murder theory was
agreed as plausible.

The police checked up the story of
Grimes, the farmer, and, so far, say
they have been unable to shatter its
plausibility. The farmer said he had
thought several times of making a
statement, but delayed because of his
distaste for the publicity. He said
his brother was much distressed by
the tragedy, which occurred so sud-
denly that he was dazed by the hor-
ror of it.

Struck Crossing Street.

The boy was attempting to cross a
street in the Fredericksburg suburbs,
Grimes said his brother told him, and
ran in front of his automobile. Stop-
ping as quickly as possible the driver
placed the unconscious victim in his
car, intending to take him to a hos-
pital, but discovered that he was
dead. Driving on, he turned toward
the river, tied the victim in the sack
and disposed of him in the manner
described as the best means of shirk-
ing his responsibility.

The confession to his brother fol-
lowed when the police and citizens
were making a search and while the
newspapers were filled with headlines
of the homicide case, Grimes' drowning
occurred early in July, more than five
months later, when excitement had
quieted down and been forgotten.

TEACHERS FROM HERE
PRESENT AT COUNTY
MEETING SATURDAY

Educational Workers Are
Speakers At Session In
Libertyville.

Eight Antioch teachers attended a
county teachers' meeting in Liberty-
ville Saturday.

Speakers at the meeting were Miss
Alice Brady, supervisor of grades,
Manitowish, Wisconsin, and Miss
Josephine Maloney, State Teachers
college, Milwaukee.

Those who attended the meeting
from Antioch were W. C. Petty,
Miss Isabelle Harwood, Miss Mary
Hynek, Miss Dorothy Patterson, Miss
Elizabeth Tonton, Miss Hui Royal,
Mrs. Charles Lux, and Miss Julia
Strickler.

COMES FROM CITY
WHERE NEW CARS
WERE IN DISPLAY

L. M. Wetzel of the Wetzel Chev-
rolet Sales has just returned from
Chicago where he attended the Ad-
vance showing of the new Chevrolet
six cylinder car, and was enthusiastic
in his praise of Chevrolet's new pro-
duct and of the public reception show-
ered upon it at the Chicago showing.

"Thousands attended the Chicago
showing daily, and I had the oppor-
tunity of noting the most genuine
demonstration of crowd enthusiasm it
has ever been my privilege to wit-
ness," Mr. Wetzel said. "If the pub-
lic's preference for the new Chev-
rolet is to be indexed by what I ob-
served from the Chicago crowds, I
feel certain that 'The Outstanding
Chevrolet of Chevrolet History' is
destined to go down in automotive
history as one of the most sensation-
al of all sales successes.

"Chicago visitors to the showing
were outspoken in their admiration
of the expensive 'big car' appear-
ance of the new models. They were
pleased with the new color combina-
tions and with the elegance of the
fittings and upholstery. The female
visitors were especially en-
thusiastic over the appearance and
comfort conveniences found in the
new Chevrolet.

"The powerful engine with its 32%
increased horsepower, the product of
four years intensive development by
Chevrolet and General Motors, was
one of the most popular exhibits at
the showing. Crowds milled about
the engine all day long, and were
especially interested in learning that,
although it develops more horsepower
than its four cylinder predecessor, it
can be operated with a fuel economy
averaging better than 20 miles to
the gallon."

Mr. Wetzel said that he will have
the new models on display in his
show rooms January 1, when deliv-
eries are scheduled to begin. Fifteen
huge Chevrolet factories throughout
the country are now pushing produc-
tion with all the speed possible with-
in the limits of precision manufactur-
ing, Mr. Wetzel said.

The Inevitable Fan.

"These cooking experts are always
writing about thick batter," said the
mere male reader of Woman's Home
Companion. "Anybody knows the best
batter in professional baseball is a
thick batter."

Wilmot Pirates Win
Over Grayslake Five
By Score of 42 to 15

Get Revenge After Defeat
Of Last Season; Schnurr
Coaches.

The Wilmot Pirates avenged one of
the last season's trimmings handed
them by Grayslake by defeating that
team 42-15 Sunday afternoon at the
Wilmot gymnasium. "Shubert" Frank
starred for the Pirates with twelve
baskets and two free throws for a
total of twenty-six points. Nine of
his twelve baskets were caged in the
last half. Captain "Red" Richards
caged three baskets, Art Gegan, two
and Norm Richter, one. The floor
work of the Pirates and the handling
of the ball were better than in any
previous game this season and the re-
sults of Coach Marty Schnurr's ef-
ficient coaching were plainly seen in
all departments of play.

Harris and Hende featured for the
visitors and the floor work of this
pair ranked with the best seen on
the local floor this season. Harris
scored three field goals, Hende one
and Schlosser one.

Silverlake defeated the Grayslake
Lightweights in the preliminary
game 43-22. "Stub" Loth starred for
Silverlake in this game with six
field goals.

Tuesday evening the Pirates went
to Somers to play a return engage-
ment with that team.

Friday evening the Grunee team
comes to the Wilmot gymnasium.
There will be three games played
Friday evening, as the high school
meets Palmyra in their first con-
ference game and Silverlake meets An-
tioch.

The Pirates play at home every
Sunday afternoon. Next Sunday,
December 16, the fast McHenry team
goes to Wilmot.

The box score follows:

Pirates, 42	G	FT	P
Frank, if	12	2	0
McDougal, if	0	0	0
N. Richter, rf	1	0	1
G. Richter, rf	0	2	0

BOYS OF ALLENDALE TO GIVE
ANNUAL CHRISTMAS PAGEANT

Following the annual custom, boys
of the Allendale school will present
their Christmas program Saturday af-
ternoon at 2 o'clock in the Allendale
chapel.

"A Mystery Play for Christmas" is
the title of the program which is to
be given in the chapel aisle. The
story is woven about a pilgrim who
seeks truth—the truth being reveal-
ed by the story of the birth of Christ.
Members of the Antioch Woman's
club have been invited to attend.

Antioch Hotel Under
New Management

Possession of the Antioch hotel
was taken Monday by Mr. and Mrs.
C. E. Waldo who have purchased the
hotel from Mr. and Mrs. S. C. Brain.

Mr. and Mrs. Waldo come from
Madison, Wisconsin. Mr. Waldo has
been a travelling man and Mrs. Wal-
do also has travelled. They expect
to carry on business at the hotel in
much the same manner that Mr. and
Mrs. Brain have done since they
came to Antioch in February. Mr.
and Mrs. Brain will go to Milwaukee.

NO BUREAUCRACY WANTED

THE American people are against autocratic government. They have seen too many examples of it abroad. And because they are against autocratic government they are likewise against bureaucratic government, because they have come to learn that bureaucracy leads to autocracy that one is complementary to the other. Perhaps the greatest autocrat-bureaucratic government in the world today is Soviet Russia and our people want none of it.

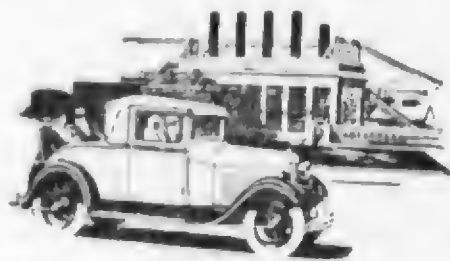

In the days of the world war when our railroads for the time being passed into government control, our people learned enough about bureaucracy to last them a lifetime. And they will not forget it until a new generation has arisen that can remember nothing of the cost and inefficiency of government railroads.

But other forms of bureaucracy are confronting us and will continue to confront us as the days go by. Unless we constantly remind ourselves of the fact we are apt to forget that we can get real progress and prosperity not by more government in business but by less governmental interference with legitimate economic progress.

Fortunately President-elect Hoover is well acquainted with the evils and inefficiency of bureaucratic government. In a recent statement he said: "Bureaucracy is ever dominant of spreading its influence and its power. You cannot extend the mastery of the government over the daily working life of a people without at the same time making it the master of the people's souls and thoughts. Every expansion of government in business means that government in order to protect itself from the political consequences of its errors and wrongs, is driven irresistibly without pause to greater and greater control of the nation's press and platform. First speech comes under the many forms of interference and then comes censorship."

"It is a fact that in our present condition the government is operating on a commercial basis. Every step of government action is the result of a calculation of the cost and the benefit. The government is a business enterprise and it is the duty of the citizen to see that it is run on a business basis."

The utilities of a city
are combined
in your motor car

YOUR automobile is something like a miniature city. There is an electric light and power system, a water system, a fuel system.

In the new Ford, you will find each of these systems of the latest design and best materials. Every part has been made to serve you faithfully and well at a minimum of trouble and expense.

Take, for example, the generator—one of the most important parts of the electrical system which supplies the current for lighting and for engine ignition.

In the new Ford, the generator is of the power-house type and is distinctive in many features. It has been specially designed to prevent most forms of trouble. Oiling is necessary only once a year. About the only thing you need do is to have the charging rate changed as the seasons change.

Closely allied to the electrical system is the ignition system. It, too, is of new mechanical design in the new Ford. There is but one high tension cable and that connects the coil with the distributor. Even cables from the distributor to the spark plugs have been eliminated. Special care has also

been taken to make the distributor water-proof, thus preventing short circuits from rain, etc.

The entire electrical and ignition systems of the new Ford are so simple in design and so carefully made that they will give you surprisingly little trouble. Yet that doesn't mean they should be neglected. Certain little attentions are needed from time to time.

The storage battery should be given water and the connections kept clean. The generator charging rate should be changed as indicated. Spark plugs should be cleaned at regular intervals. Distributor points should also be kept clean and the distributor cam given a light film of vaseline every 2000 miles.

These are just little things, but they mean a great deal to your car. You can have them looked after at very small cost by the Ford dealer when you take the car in for oiling and greasing.

A thorough checking-up at regular intervals will lengthen the life of your car and give you many thousands of miles of carefree, economical motoring.

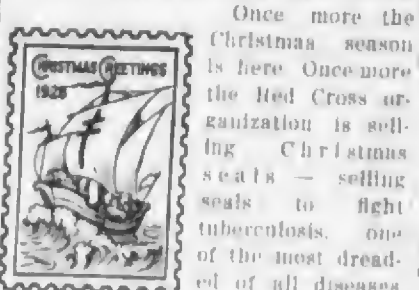

FORD MOTOR COMPANY

Liberalism should be found not striving to spread bureaucracy but striving to set bounds to it. True Liberalism seeks all legitimate freedom, first in the confident belief that without such freedom the pursuit of all other blessings and benefits in vain. That belief is the foundation of all American progress, political as well as economic.

"Liberalism is a force truly of the spirit, a force proceeding from the deep realization that economic freedom cannot be sacrificed. If political freedom is to be preserved. Even if government conduct of business could give us more efficiency instead it would increase rather than decrease abuse and corruption. It would stifle leadership. It would cramp and cripple and undermine the development of initiative and invention. It would dry up the mental and spiritual energies of our people. It would extinguish equality and opportunity. It would dry up the spirit of liberty and progress. For these reasons primarily it must be resisted. For a hundred years liberalism has found its true spirit in the American system, not in the European systems."

CHRISTMAS AND THE RED CROSS

Once more the Christmas season is here. Once more the Red Cross organization is selling Christmas seals—selling seals to fight tuberculosis, one of the most dreaded of all diseases—a disease which is found in all parts of Lake County.

In all parts of Illinois, in all parts of the United States a disease which must be fought through organized forces through treatment and education.

Seals are being sold throughout the country today seals to be used on Christmas packages and on letters. But why buy the Red Cross stamps? Every cent that is spent for a stamp goes toward saving the life of some man, some woman, or some child.

The Red Cross is a worthy organization. It is fighting tuberculosis, a great deal of other good is accomplished. When big disasters strike the country such as floods and hurricanes, the Red Cross workers are always first to respond, with money and with physical aid. Junior Red Cross members are being trained in lines of first aid, preventive measures to guard against illness, and in general health knowledge.

There is nothing like being versatile—just ask Coach G. G. Reed, Antioch High School. Last Friday night the high school orchestra was scheduled to play before the performance of "It Pays To Advertise." L. W. Petersen, the director, was ill. The orchestra HAD to play, and HAD to have a director. Coach Reed volunteered and his volunteer was accepted. Good music, too.

Isn't Antioch going to do anything about Christmas—decorate the streets? To be sure, some merchants have Christmas trees in the display windows, but in the daytime, especially, these are unnoticed by persons who drive through the town. A sprig of evergreen, as well as the large community tree—just anything "Christmasy" would be a splendid bit of advertising for the village. If you have taken drives to other towns and cities the Christmas decorations certainly have made a favorable impression, haven't they?

NOTICE OF HEARING OF CERTIFICATE OF FINAL COST AND COMPLETION IN ANTIOCH SPECIAL ASSESSMENT DOCKET NUMBER NINETEEN.

NOTICE IS HEREBY GIVEN to all persons interested that the Board of Local Improvements of the Village of Antioch, Illinois, having let the contract for the improvement of First Street and Parkway Avenue in said Village of Antioch, by constructing a sanitary sewer therein, and the same having been completed and accepted by said Board on the 10th day of December, A. D. 1928, and the said Board of Local Improvements having filed in the County Court of Lake County, Illinois, on the 11th day of December, A. Christmas Shopping with Sally in Antioch

Say aren't you all thrilled to think that Christmas is so near? Don't the Christmas displays in the stores make you want to shout because you are so happy? Truly, aren't Antioch residents fortunate to have so many stores offering such a variety of goods? Why, there are suggestions for gifts in every store and shop window. And to think that it has been comparatively few years ago that residents of Antioch and nearby towns thought it absolutely necessary to go to "the city" to do Christmas shopping. Not anymore! Antioch is a live trading center.

For Men and Boys!

It's real fun to saunter through the stores this time of the year. One can find gifts for the entire family. Think for a minute! How many persons have you heard moan this season: "It seems as though shopping is easy until I try to buy for a man?" Have you said the same thing?

Well, walk in S. M. Walence's store for a few minutes and perhaps you won't be so bewildered. He has some scarves that are just darling. (Excuse the adjective!) Some dark ones that are handpainted and gorgeous. And he has many lovely linen handkerchiefs as well as silk ones. Tie to go with the handkerchiefs, too. Then there are numerous other gift suggestions—such as socks, pyjamas, shirts, hand bags, gloves, and—but go in and see Mr. Walence's stock. It won't be time wasted.

Otto Klans, too, has many articles that may be purchased for men and boys. The ensembles which he offers are keen, to say the least—shirts, ties, hose and handkerchiefs harmonizing and contrasting to the perfection of good taste. And do you like gay pyjamas? Mr. Klans has them—stripes, plaids, polka dots, or—name your pattern. He has other articles too numerous to mention.

Just a Greeting

When you are shopping you don't want to forget your many friends to whom you must send greetings. The Antioch News has a beautiful assortment of 15 cards, as well as many other styles from which to select. You can buy them without your name printed on them, or you may add distinctiveness and dignity by having your "yours truly" printed.

Speaking of sending cards and buying presents, we must remember that all this takes money. It's sometimes difficult to have money just when you want it. Isn't it? But if you are wise you will start a Christmas Savings Club account for next year at The First National bank. Club membership for 1929 is open now. S. H. Nelson will be glad to explain the plan to you if you will stop at his desk next time you are in the bank.

The Antioch State bank, too, is offering Christmas Savings Club memberships as well as encouraging regular savings accounts.

"Crazy About It"

When giving gifts to a woman—play up to her vanity. Give her jewelry—some of the beautiful costume jewelry on display in the William Keulman store. There are some precious pins and necklaces, both expensive and inexpensive. Mr. Keulman's store looks the part of a gift shop in every sense of the phrase, and since he also sells radios, there is always music to accompany your shopping tour through the house of Keulman!

Gifts of many kinds may be purchased at the Williams Brothers store. Of course there are dainty gloves, clever purses, ray coat and dress hatters, and things for the baby, but in the hardware department are some especially appealing suggestions. Don't you think the colored enamel ware would make practical presents? Somehow, food tastes better cooked in attractive pans, and puddings and cakes mixed in pretty bowls are far superior in taste to the puddings and cakes mixed in old crocks.

Sweets for the Sweet

Candies are being made a specialty at the Royal Blue store. There are old time Christmas candies mixed, filled candies, old style peanut brittle, and fancy confections. Mixed nuts are on display, too, as well as all kinds of fruits.

Fresh fruits of all kinds and varieties may be purchased at Tackles' for the holidays or for use each day. There are some Jonathan apples that are as friendly to the taste as Jonathan of the Bible story was to David. And there are large cranberries, too—just think what good sauce someone will have for the turkey or chicken!

Little of Everything

Chase Webb has candles, fruits, and nuts, too, but he has so many gift hints to offer—pens, pencils, razors, leather coats—and say! who wouldn't appreciate a leather coat as a gift. Or a warm, woolly sweater? Everyone will want to look his best Christmas day. T. A. Fawcett, Lake street, has some new samples of materials—beautiful fabrics in all the latest patterns, and color combinations. Or he'll be glad to clean your old suit.

John Trusch of the Antioch Cleaners and Tailors, has a new line of

winter cloth for suits or coats. Or if you want your overcoat, jacket suit, or hat looking spick and span for the holidays—let John do it.

If The Shoe Fits—

Who on earth ever gets too many shoes? If you don't want to give dress shoes for Christmas, perhaps at the Chicago Footwear company store you can find some house or boudoir slippers that you know would please some member of the family or some friend. The store is filled with lovely shoes, boots, hose and other articles pertaining to the feet.

Talking of feet reminds one of dancing. Certainly it would be a pleasure to dance to music coming over one of the radios. E. R. King has in his drug store. Radios make nice gifts, for they can be enjoyed by the entire family and every guest who enters the home.

Hungry? All Right!

Mike Depner already has Christmas candles and cleverly shaped cookies on display. Everyone knows what pretty wedding and birthday cakes Mr. Depner makes, so one need not be afraid to trust him with Christmas baking. Of course, if something unusual is desired it must be ordered, but a complete line will be displayed.

The Antioch Bakery and Confectionery will do special baking, and the candies which they have are especially for children. There are candies for the grown-ups, too, but children like the homemade candy canes, the taffy apples, and other wholesome sweets.

For The Afternoon

What are you going to do Christmas afternoon. It would be real smart to ride around in a new car purchased from the Wetzel Chevrolet Sales company, wouldn't it? Or it would be fun trying out some of the gifts you might receive which came from there—accessories of various kinds.

The South View Motor Sales people too, have a new line of cars and gifts for the motorist. What driver does not like to have a present on the Christmas tree which will make motoring more enjoyable. Ask at the South View Motor Sales company for suggestions.

Comfort and Pleasure

If Christmas day is cold and wet and snowy it will be fun to be inside looking out, however, and save the motoring pleasures for better weather. It won't be fun looking out unless it is warm inside, but if you have coal from the Antioch Lumber and Coal company you can make your home cheery and comfortable. The company can also give you everything to build anything.

The H. R. Adams Lumber company is strong for the paint and fix up idea—anything to improve the looks of the community. They think they can tell you how to improve your home as well as the village. And why wouldn't a ton of coal or some coke be a most acceptable Christmas gift?

A Tree? Surely!

C. E. Shults and Son not only sell Christmas trees of all kinds, but they have many ornaments which will make the trees appear in all their glory, just as if they had stepped out of a picture book. And there are so many toys on display—just aching to be placed on the branches or under a tree. Of course, Mr. Shults has everything for the holiday dinner, too.

For fresh butter, cottage cheese, and other dairy products, it is difficult to find a better place to buy than the Wisconsin Butter store. Canned and baked goods of various kinds are carried also. The store is open evenings and Sundays which makes it quite nice if guests come unexpectedly.

To Be Different

If you want to give a gift which no one else will duplicate give your photograph. Go up to the Tronson studio, Lake street, for a sitting, and after you have your picture, buy a good looking frame for it. Photographs are easy to mail, too. Your friends will enjoy your picture.

You want to enjoy yourself, too, so why not go to the Antioch theatre Christmas evening after the festivities are over? You are certain to see good movies. If, when you are ready to go, your car won't start or before Christmas you decide you want your car repaired and cleaned (shining inside and out,) the Main garage will be at your service.

A new garage, too, has been opened, by a young but experienced mechanic, Eddie Bonelle. Mr. Bonelle was in aviation service for some time, until he met with an accident. Since then he has decided to make his living on a "firm foundation." His garage is the Serv-U-Garage.

After Christmas pleasures and Christmas headaches are over, you'll want something to do, so don't forget the boxing tournament at the Antioch Palace Friday night.

Golden Argo

Approximately \$2,000,000 in gold goes all through San Francisco's Golden gate each year.

VETERAN RELIEF IS BIG RED CROSS TASK

Service to Disabled in Ten Years Since Armistice Has Cost \$65,800,000.

In this year of the tenth anniversary of the Armistice, which ended the world war, the American Red Cross still finds a great army of disabled and sick veterans requiring assistance, and whose families also must be aided, according to a statement by James L. Fleer, vice chairman in charge of domestic operations of the Red Cross at Washington. In the ten years since November 11, 1918, the Red Cross has expended approximately \$65,800,000 in veteran relief work, Mr. Fleer said.

There is a daily average of 25,500 disabled and sick world war veterans enrolled in Veterans' Bureau and other government hospitals which care for these men and women, and about the same annual average of veterans succumbing to wounds and illness, for whose dependents the Red Cross is pledged to give required assistance, Mr. Fleer pointed out.

In addition, the Red Cross, under its charter granted by Congress, has a definite duty towards service men of the regular establishment of Army, Navy and Marine Corps, and follows them to all foreign ports or duty. The expenditure in this work for the year ending June 30, 1928, was \$307,458, the annual report states.

"Upon the Red Cross rests the sacred obligation of carrying on relief work for the disabled service and ex-service men and women and their dependents, taking up the work where the Government is not able to carry on," Mr. Fleer said. "The Red Cross has 349 trained workers, serving either full or part time in the field, in station work, camps and hospitals, who are always in personal contact with the sick and disabled in hospitals, with the men in the regular Army, Navy and Marine Corps, and who stand ever ready to serve veterans back in civil life, who need the help of a friendly agency to aid in establishing their rights and claims."

"To maintain this staff and to support the practical services they render, the Red Cross made expenditure of \$1,169,795 for the year ending June 30, 1928. In addition 2,700 Red Cross Chapters, in that number of communities, who have established special

work for the disabled service and ex-service people, expended during the past year \$1,732,000."

The annual report states that the number of death claims alone of veterans which are handled through the War Service at national headquarters of the Red Cross, has increased from 12,010 in 1923-24 to 24,602 in 1927-28. During the year ending June 30, 1928, War Service assisted Chapters in adjusting Government claims amounting, in benefits to veterans or their dependents, to \$693,203.42 in awards for compensation, insurance, adjusted compensation, burial expenses, etc. In addition to this amount, which represented lump sum payments, awards were obtained for \$183,389 in monthly installments of insurance and compensation and to quarterly adjusted compensation payments.

Mr. Fleer points out that Red Cross Roll Call comes once each year, and that it is the only occasion upon which the Red Cross asks for funds with which to carry on its activities, of which War Service is one. From Armistice Day to Thanksgiving Day the American people are asked to support this work through their Red Cross memberships.

CHRISTIAN SCIENCE CHURCHES

"God the Only Cause and Creator" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, December 9.

The Golden Text was, "Thus saith the Lord that created thee, O Jacob, and he that formed thee, O Israel. Fear not: for I have redeemed thee. I have called thee by thy name; thou art mine" (Isaiah 43:1).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Thus saith the Lord the King of Israel, and his redeemer the Lord of hosts: I am the first, and I am the last; and beside me there is no God. . . . Fear ye not, neither be afraid: have not I told thee from that time, and have declared it? ye are my witnesses. Is there a God beside me? yea, there is no God: I know not any" (Isaiah 41:4, 8).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "God is individual, incorporeal. He is divine Principle. Love, the universal cause, the only creator, and there is no other self-existence" (p. 321).

For governor, Louis L. Emmerson got a total of 1,709,518 votes, and Floyd Thompson, Democrat, 1,284,897.

 Sunday School 9:45 a. m.
 Service of Worship, Sunday 11 a. m.
 Wednesday service 8 p. m.
 to 8:00 p. m.

Methodist Church Notes

Christmas is manifesting itself most beautifully in the church. The auditorium was well filled last Sunday as was the Sabbath school. The influence of the summer rush is waning and Antioch people are again interested in local matters. The church choir is doing nicely.

The Christmas services this year will be divided into two parts to give a better understanding of the real Christmas. Sunday evening preceding Christmas the young women will present a pageant, "A Christmas Candle," and on Christmas eve the church school will put on a Santa Claus play which will include Mother Goose and all her family. Each child will have an opportunity to meet old Santa and receive a token from his hand.

Preaching services are held twice each Sunday. The morning service is at 10:45 and the evening at 7:30 o'clock.

The Epworth league is now organized with Miss Martha Westlake as president. The youth of the community is invited to meet with the league at 5 o'clock Sunday for two hours of Christian study, devotions and sociability.

St. Ignace's Church Notes

Episcopal
 Calendar—Third Sunday in Advent.
 7:30 a. m.—Holy Communion.
 10 a. m.—Church School, classes for all.

11 a. m.—Holy Eucharist and sermon.

Christmas Eve Midnight Service 12 a. m.

Christmas Day, Holy Eucharist 10 a. m.

Christmas is here and the Advent

Season is almost over. The children will have their party Christmas eve at 7:30 and St. Nicholas will be on hand. Then the midnight service to celebrate Our Lord's birthday and the 10 o'clock service Christmas day.

Dr. Randall will be unable to be here Sunday and plans made to welcome him will be delayed until next year. Don't forget the Christmas Mystery play given by the boys of Allendale Farm on the Sunday afternoon before Christmas at 3 p. m.

A new furnace has been installed in the rectory and the rooms have been redecorated. A new furnace in the church by Christmas will complete the "advance program" for this year and improvements for 1929 may be planned.

Don't forget the New Year's Mask party in the Guild hall December 28.

Well the world continues to improve. The old-time drug store which, in some instances, sold bad liquor behind the prescription counter, has been succeeded by the modern drug store which sells good coffee in front of it.

THE ANTIOCH NEWS, ANTIOCH, ILLINOIS

ILLINOIS CLIMATE SAID TO BE IDEAL FOR MANY THINGS

Springfield, December 13.—Whatever you are doing—whether it is working in a factory, rearing a family, or trying to live 100 years—there is a best year round average outdoor temperature in which to do it. At least this is the conclusion reached after years of study by a former resident of Galesburg, Prof. Ellsworth Huntington of Yale University, considered one of the greatest living authorities on climatic and geographical influences.

Springfield, for instance, where the average all-time outdoor temperature is 61 degrees, has a favorable climate for factory work, according to Prof. Huntington's reckoning. He has found that factory workers are most efficient when the thermometer outdoors is at 60 degrees.

Chicago is probably better for brain workers, according to his figures. The best brain work is done at an outside temperature of 40 degrees, and Chicago's average is 49.

The state of Illinois, as a whole, has an almost ideal climate for a combination of both kinds of work, since its average of 52 degrees is about midway between the desirable temperatures for factory work and brain work.

Calro should be fine for rearing children. Its average temperature is 58, and Prof. Huntington says babies have the best chance of survival when the thermometer is at 56 degrees.

The optimum temperature is lower for work than for idleness, lower for reproduction than for health, and lower for mental activity than for physical. Men may live for a time in places where mothers and babies would perish. The climatic limits of individual existence are somewhat wider than those of reproduction.

It has been Prof. Huntington's observation that wherever the average temperature departs very far from the desired optimum, the result is a susceptibility to disease, an increase of the death rate and a material shortening of the span of life. Abnormal cold brings a sapping of human energy and abnormal heat produces a chronic exhaustion and a disinclination to work. A people living where the temperature is nearer to the optimum than to the extreme limits has all the advantage in the struggle for existence.

Tot Loses Faith in Tales of Grownups

Brooklyn, N. Y.—Nine-year-old Louise Bergano, of this city, has decided firmly and finally that there is no trusting grown persons. Louise has long been told that one gets baby brothers and sisters at the five and ten-cent store.

Now Louise has been eager for years to have an infant at her home, so she decided to save her pennies and buy one.

It was just her luck, however, when she passed a certain five-cent store the other day not to have a cent in her pocket. And there was an unusually fine display of babies in front of the store, too. She looked over them all. Some were too small, some had wrinkled noses, some were too large, one was black, and some were too tiny and red-faced.

But there was one to whose perambulator Louise returned again and again, trying to make up her mind. Here was a baby just exactly right. Why not, thought Louise, take this baby on approval? Things were bought that way sometimes.

Five minutes later Mrs. Fannie Merri emerged from the store with arms full of bundles. She looked into the perambulator where she had left her ten-month-old Selma. Then she screamed. Selma was kidnapped! Shedding bundles right and left in panic, Mrs. Merri ran until she found a policeman.

The policeman found several detectives, and the mother and officers set out on a search. One hour later Mrs. Merri screamed again. She pointed to a bench where a nine-year-old girl sat fondling her Selma, laughing and gurgling. Mrs. Merri pounced upon the babe and snatched it from the child's arms. Now Louise has lost all faith in the stories of grownups.

Guest Carries Off Valuables in Auto

Norristown, Pa.—Because he did not want to be rude to his guest, although his curiosity was aroused, J. O. Connor did not ask him why he went outdoors so frequently during his visit of several hours.

After the visitor's departure, however, Connor decided that in the future he would give preference to his curiosity, for he discovered that on each trip to the outside the guest had carried along an awful of valuables. The stuff had been loaded into an automobile and carried away.

Trustfulness Pays.

The man who trusts men will make fewer mistakes than he who distrusts them.—Cavour.

TRAFFIC LIGHTS FOR SANTA CLAUS

Another charming custom has been added to the modern interpretation of the spirit of Christmas. Every year more and more residents of Antioch

arrange colored lights about the exterior of their homes in an attractive display. This year it is anticipated the practice will be especially

popular. Lighting engineers estimate that more than 2,000 Suburban-Chicago home owners will light the exterior of their homes during this holiday season.

CATTLEMEN ANXIOUS TO LEARN NEW TIPS ABOUT STOCK FEED

Agricultural College Is In
Charge of Meetings
Being Held.

Urbana, Dec. 13.—Illinois cattlemen are keen to get the latest facts about their business, as shown by the big turnouts at recent meetings which have been held for them in different parts of the state by the extension service of the College of Agriculture, University of Illinois, says E. T. Robbins, live stock extension specialist. Recent meetings in Greene and Sangamon counties proved to be big county attractions, he reported.

Previous to these two tours and meetings similar events had been sponsored by the agricultural college in Boone and Lake counties. In December cattle feeders' days will be held in Warren, Bureau, Carroll, Rock Island, Hancock, Morgan and Winnebago counties. In January there will be similar meetings in DeKalb, Kane and LaSalle counties.

At the Greene county meeting in Carrollton, 250 cattle feeders crowded a big hall for an evening banquet. Roast beef, group singing and a discussion of feeders' problems furnished the attractions.

The next day the Sangamon county group assembled for a tour of feed-lots and a noon banquet. In the morning they saw the fat cattle of Frank Thornton, Brown Hill and Garrett Tolan. Late in the afternoon they visited the farm of Ed Hall, famous for the blue ribbon carloads of fat cattle which he has sent to Chicago. Feed lots on all three of the farms were full of prime steers from which carload lots had been sent to the International Live Stock exposition in Chicago.

Feedlot instruction by these skillful finishers of the very best cattle was supplemented by talks during the

banquet held at noon in a Springfield hotel. There was room for 250 and chairs at all the tables were filled.

Land of Opportunity.

If a man, even on a small salary, but resolutely resists the temptation to have a little fun occasionally and forms the habit of systematic saving, in 25 years or so he will have enough money to take advantage of a business opportunity and lose it all in a lump.—Ohio State Journal

The Child's Choice.

We reckon if a kid could choose his own mother it wouldn't take him long to make the choice between one who could bake cookies and one who always knew what kind of kid to make when she had two five-card suits.—Cincinnati Enquirer

To Please
Give Furniture

For Christmas

Of all the gifts that are received at Christmas none will be more appreciated by the individual, or the whole family than a beautiful piece of furniture. Through the years, each and every day the kind thought is ever present, "That was a Christmas present to me."

We offer just such gifts in our superior quality of up-to-date furniture. Won't you come in and let us show you the pretty things we have to offer and at such reasonable prices? You know you are always welcome.

A few suggestions that will make ideal gifts are herewith stated:

For Her

Cedar Chests (walnut)
Sewing Cabinets
Floor Lamps
Occasional Chairs
Occasional Tables
End Tables

Magazine Cabinets
Mirrors
Spinnet Desks
Ferneries
Dishes
Etc.

As a special
inducement
we are offering

For Him

Smoker Stands
Coxwell Chairs
Bridge Lamps
Bookcases
Magazine Stands
Radio Benches

Radio Cabinets
Phone Stands
Humidors
Foot Stools
Secretaries
Etc.

Living Room, Dining Room and Bedroom Suits

at very special prices, as these are gifts for the entire family.

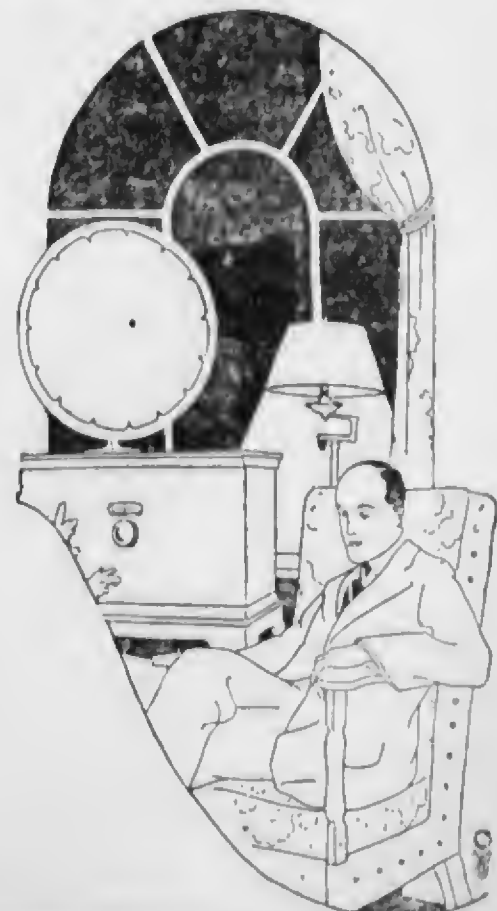

The Children, Too, Must Not
Be Forgotten

We have a complete line of what is known as the "Better Kind" of toys, the kind that will endure the hardest usage. It pays to buy this class of toys for they only cost a few cents more than the lesser quality, but will give years of service under the most trying circumstances. Doll cabs, wagons, tables, chairs, rockers, electric trains, sleds, rocking horses, pool tables, cedar chests, trunks, dolls, tool chests, "Buddy L" toys, wheelbarrows, blackboards, dishes, desks, bicycles, etc.

We have a gift to suit every purse and we will make free delivery to your door, as well as giving you special prices on anything you may buy.

Hunting the Otter.

In English otters are hunted with dogs. Otter hunting is more popular in some sections than the traditional fox hunt. The dogs take to the water after the otter, endeavoring to corner him in a small stream. Acetylene gas is sometimes used to drive the otters from their holes in river banks and under stumps. Good otter hunts bring high prices.

Early Promise Fulfilled.

It is often said that baby prodigies either die young or never fulfill the promise of their infancy. Yet Macmillan was a historian at eight; Tennyson at just quite as early; Byron wrote passionate verse at ten; Bacon was a philosopher at the same age; and Mozart was a composer and musician at six.

everything
you'd ask of Radio

Here it is! The greatest popular-priced set ever made to operate from your lighting circuit.

SALLY SHOPPER SAYS:

And have you been into Reeves? Pens, clocks, perfumes, teddy bears, toys—everything! And oh! boxes that are adorable! Gifts that any girl will admire. And what about the toilet sets? Stop into Reeves' and ask the girls to show you what's what.

For variety, stop into Welch's. The Welchs have everything for children's toys of all sorts. And for mother or sister—dishes, vases, stationary. How about cigars for father? You should see the great number of children who go into the blacked store after school just to look around before making out their lists of Christmas "wants."

LEVETTE IS VICTOR
IN WINDUP TOURNAMENT
SCRAP AT PALACE

George Sames Fights Out
Of Class—Loses Close
Decision.

Five aspirants for championship boxing honors in Lake county were eliminated from the tournament at Antioch Palace Friday night at the first of series to decide the kings of fistcluffs in each weight division.

In the headline attraction, Larry Levette, Waukegan, champion of the state of Florida, was an easy winner over Herb Simmon, in three rounds and the Lake Forest middleweight mauler was eliminated from the tournament. After playing even during the first session, Levette opened up the fireworks and led the fight the rest of the way. Larry seemed to be able to give his opponent even more punishment than he did, but evidently contented himself with the idea of winning on points by the wide margin he piled up as the fight progressed. The winner deserves credit for this.

Piedie Wins Clever Bout.

Eddie Piedie, Lake Forest, was given the decision over Alex Kazlo, Chicago, in the only non-tournament bout of the show. Owing to the fact that there were no knock-downs and no score split during this fight it was reported as a flop. In reality it was the best bout of the evening considered from the standpoint of scientific boxing. Piedie's rally in the final round earned the decision. The boys fought at 112 pounds.

Drinka Outslugs Swane.

In what developed into a real light, Joe Drinka, North Chicago, out-slugged Gunner Swane, Lake Forest, to eliminate the latter from the middleweight class. Slugging began with the sound of the bell for the first round and the boys kept at it throughout the fight. Both turned loose some hard punches with telling effect during the first two rounds, but in the third round Drinka evidently had the advantage by reason of his greater strength.

Sames Loses Close Decision
Fighting out of his weight class, George Sames, Antioch's bantamweight lost a close decision to Donn Waukegan. Both lads fought cautiously all the way and the bout was declared a draw at the end of the third round. Conn proved to be more

aggressive in the extra session and got the decision. Sames is matched to meet Howard O'Hara, Waukegan, Friday night.

Negro Is Winner

A colored lad, Grover Cleveland Alexander, North Chicago, won all three rounds and the decision in the light heavyweight decision over Alexander Jamak, Highland Park. In the third bout of the card, a cut was opened over Jamak's eye in the opening round and he was handicapped by poor vision for the remainder of the fight. The colored boy easily won on points but was unable to hang a kyo on his opponent.

Labus Wins Heady Battle

After being slugged into a state of grogginess and all but knocked out in the first round, Bud Labus, Waukegan lightweight, staged the headiest and gamiest comeback ever seen at the Palace, in his fight against George Taylor, Jr., Waukegan Negro. Slugging with the colored lad in the opener Labus got the worst of it, taking considerable punishment and it did not seem possible that he could last the round. Labus was floored four times in this round. Receiving good advice from his seconds during the rest period, Labus fought cautiously during the second session, getting in some damaging rights and lefts to even the round. It was in the third that Labus, fully recovered from the slugging he took in the first round, rushed Taylor and had him either on the floor or hanging on the ropes during the entire round. Twice Taylor was floored, and he was in a bad way at the bell. On account of his showing the early rounds, Taylor was given a draw, but the fourth round proved to be a repetition of the third and Labus was declared winner amid wild applause. Labus had won the greatest uphill fight ever staged at the Palace.

Craft Easy Winner

Howard Craft, Graylake, won all three rounds from Leo Schneider, Waukegan, in the opening battle and the county seal had been eliminated from further competition in the featherweight class.

Good Card Friday.

An extra good show has been billed for Friday night at the Palace when Promoter Macek and Matchmaker Wallenwein will stage eight more tournament bouts and one emergency bout. Headlining the show will be Fritz Behrens, Lake Forest, and Paul "Bud" Sells, Libertyville, middleweights, supported by a card of Lake county favorites representing all weight divisions except heavyweight.

George Sames will battle for flyweight honors against Howard O'Hara, Waukegan, and Bud Labus will have Ralph Brown, Waukegan, as his opponent in the lightweight

division. The elimination bouts are attracting wide attention and the battlers are sure to show their wares before a crowded house at each and every appearance.

Honor Students
Named in Wilmet

Honor roll and special honor roll students have been announced for the second period of six weeks. Four persons have an average of more than 90 in four subjects and are on the special honor roll of Union Free High school, Wilmet.

They are Lola Harrig, Helen Loftus, Ruth Pepper and Hazel Schold. Seven have an average of 85 or over in four subjects and are on the honor roll. They are Malcolm Dalton, Marie Deane, Dorothea Kophengel, Deane Loftus, Mable Madsen, Marjorie Van Lere, and Claudia Vincent.

As the result of Tuesday's games in the Girls' Volleyball tournament, three teams are in the tie for first place. Each of the three has won three games and lost one game and has an average of 600. The teams tied for the honors are the Tigers, Lions, and the Elephants. The Coyotes are in the fourth place with an average of 200.

In Tuesday's games the scores

were close and indicate the interest of the games. The Lions defeated the Tigers to take them from first place by a score of 21 to 19. The Elephants defeated the Coyotes by a score of 21 to 20 after the Coyotes had obtained a lead of 20 to 16. The outstanding players of the games were Winifred DeBell, Mary Daly, Eleanor Ehler, and Elva Marks. There is just one more game on the schedule for each team and as there are three teams now tied for first place there will no doubt be a tie to play off after the regular schedule.

Wilmet High school won its opening game from Richmond by a score of 21 to 11. The next game is with Palmyra in Wilmet Friday. Wilmet also plays Clinton at Clinton before the holidays.

A MODERN MILKMAID

Modern version of an old rhyme: "Where are you going, my pretty maid?" "I am going to oil the bearings on the electric milking machine, sir," she said.

The bootleggers now advise doing your Christmas shopping early so that it will have some age on it by the time the holidays roll around.
